1. How the 4-Layer Anti-Loophole Attendance Method Works

Layer 1 · Physical Stand QR Scan (Camera Entry)
Scanning the Reception QR Poster opens `/reception-qr?scan=1&stand=SWK-RECEPTION-STAND-DXB-1`. Staff never see any admin menus on this screen—only the dedicated Office Attendance Sign-In card.

Layer 2 · Anti-Cellular & Office Wi-Fi IP Guard
The page checks `navigator.connection` to block 4G/5G cellular connections and queries `GET /api/public/reception-qr/wifi-config` to verify the client IP matches the office router (`SWK-Properties-Office`).

Layer 3 · Personal Credential & Device Verification
Staff sign in via `POST /api/public/reception-qr/scan-login-checkin` using their personal email & `scrypt`-verified password. Browser device fingerprint (`WEB-ID`) and client IP are bound to the event.

Layer 4 · Dual-Table Atomic Attendance Ledger
A single SQL transaction writes both `attendance_events` (exact GST time, shift, grace cutoff `10:05`, late minutes) and `attendance` (HR daily register for payroll & MOHRE WPS SIF).

2. Daily Staff Attendance Workflow (Check-In, Check-Out & 10:30 AM Report)

TIME / STAGE	ACTION / ENDPOINT	EXACT SYSTEM BEHAVIOUR & COMPLIANCE RULE
09:50 – 10:05 AM On-Time Window	Scan QR & Sign In `/reception-qr`	Logs arrival in Dubai GST (`UTC+4`). Status is marked **On Duty / Present** ✓ with `late_minutes = 0`.
After 10:05 AM Late Arrival	Scan QR & Sign In `/reception-qr`	Grace cutoff is strictly **10:05 AM GST**. Check-ins at 10:06 AM or later are automatically flagged **Late Arrival** with exact `+N min` calculated.
10:30 AM GST Executive Escalation	Automated Report `/api/swk-ops/briefings/attendance-1030`	Compiles the daily **On-Time, Late & Absent (Contemptor) List** and dispatches the summary to **Owner (Shabib Siraj)** and **Operations Manager (Mohammad Haseeb)**.
07:00 PM (Mon–Fri) **04:00 PM (Sat)**	Check Out & Daily Report `/e/attendance` · `/e/daily_reports`	Staff submit their daily activity summary (calls, viewings, leads followed up) and log check-out time. Leave requests are submitted via `/e/leave_requests`.

3. Staff Login Credentials & QR Printing Access Matrix

HARD-CODED QR PRINTING & ADMINISTRATION GOVERNANCE (SRC/SHARED/SWK-STAFF-ACCESS.TS)

- **Owner & Haseeb Exclusive QR Control:** Only **Shabib Siraj (Owner)** and **Mohammad Haseeb** can open `https://os.swkpropertiesuae.com/reception-qr?print=1` to print the QR code or configure Office Wi-Fi IP locks.
- **Zero Staff Tampering:** All other staff accounts are blocked at both the React router and Fastify API levels from viewing QR print controls or modifying attendance records.
