3. Hard-Coded Security & Role Governance Policy (src/shared/swk-staff-access.ts)

Rule A: Office Attendance QR Printing Lock

Enforced by `canPrintReceptionQr(user)` on both the React frontend and Fastify API:

- **ONLY Owner (Shabib Siraj)** and **Mohammad Haseeb** can view or print the Office Attendance QR poster (`/reception-qr?print=1`).
- All other staff (`Talha` , `Fareed` , `Shahid` , `Umar` , `Saifullah`) never see any QR print button or poster—they are locked into **Scan & Check-In Mode** only.

Rule B: Restricted Staff Allowed Modules

Until elevated by the Owner in `/admin/roles` , standard staff accounts have access exclusively to:

- **Attendance & Leave:** `/reception-qr` , `/e/attendance` , `/e/leave_requests` , `/e/daily_reports` (self-scoped only)
- **Company Manual & Calculators:** `/competency` , `/toolkit` , `/handover`
- **Market Pulse & General:** `/market` , `/calendar` , `/ai` , `/profile`

DOCUMENT 02 · TECHNICAL ARCHITECTURE, SECURITY & CLOUD INFRASTRUCTURE MANUAL

System Topology, Dual-Database Engine, RBAC & Cloudflare Runbook

Complete engineering reference for maintaining, operating, backing up, and extending **SWK OS** on Cloudflare Workers, Cloudflare Containers, and managed PostgreSQL 16.

1. 4-Tier Cloud-Native Architecture

Tier 1: Progressive Web App & Print Client

Built with **React 19 + TypeScript 5.9 + Vite 7** (`src/web/`). Includes an offline-resilient Service Worker (`public/sw.js`), Web Push notifications, bilingual English/Arabic RTL support, and a dedicated A4 portrait print engine.

Tier 2: Cloudflare Edge Worker & Container

Traffic to `os.swkpropertiesuae.com` terminates at Cloudflare Edge Worker `swk-os`, which orchestrates the `SwkOs` Durable Object Container (`node:22-bookworm-slim` with Chromium, Poppler & Tesseract OCR).

Tier 3: Fastify 5 Application & Security Core

High-throughput Node.js 22 server (`src/server/app.ts`) exposing **317 REST & webhook endpoints** with schema validation, optimistic locking, rate limiting, CSRF protection, and automated accounting/compliance hooks.

Tier 4: Dual PostgreSQL 16 + SQLite WAL Persistence

Implemented in `src/server/db.ts` and `src/server/pg-sync.ts`. Synchronizes all 75+ tables between local high-speed SQLite WAL storage and managed Cloud PostgreSQL (`DATABASE_URL`, schema `swk`).

2. Cryptographic Security, Audit Ledger & Document Standards

SECURITY / GOVERNANCE LAYER	IMPLEMENTATION FILE	ENGINEERING SPECIFICATION
Password Cryptography	`src/server/auth.ts`	Node.js `crypto.scrypt` with unique 16-byte random salts and `crypto.timingSafeEqual` verification.
Two-Factor Auth (2FA)	`src/server/auth.ts`	RFC 6238 TOTP (SHA-1, 6-digit, 30-second window) with single-use emergency recovery codes.
Hard Staff Access Guard	`src/shared/swk-staff-access.ts`	Enforces `canPrintReceptionQr` (Owner & Haseeb only), `canAccessSwkAdminLogic`, and SQL self-scoping on staff HR records.
Tamper-Evident Audit Chain	`src/server/audit.ts`	Every mutation logs before/after JSON diffs chained via `SHA-256(prev_hash + payload)` to detect any tampering.
Corporate Document Standard	`src/shared/corporate-footer.ts` `src/web/print/PrintPage.tsx`	All printed documents strictly display main logo `/brand/swk-properties-horizontal.svg`, legal entity **SWK Properties LLC**, and **www.swk.properties · www.swkpropertiesuae.com · www.swk.rent**.

3. Production Deployment & CLI Maintenance Commands

```
# Verify TypeScript types, build production bundles & run automated tests:
npm ci && npm run typecheck && npm run build
npx tsx tests/company-documents.ts
# Automatic CI/CD Deployment to https://os.swkpropertiesuae.com:
git push origin main   # Triggers .github/workflows/deploy-cloudflare.yml
```

DOCUMENT 03 · ALL-STAFF OPERATIONS & QUICK-START USER GUIDE

How to Use SWK OS Every Day — Staff Onboarding & SOP Guide

Practical daily handbook for all Sales Advisors, Leasing Advisors, Operations, and Support staff at **SWK Properties LLC**.

1. Morning Routine: Office Wi-Fi QR Attendance Check-In (10 Seconds)

Step 1: Connect to Office Wi-Fi
Arrive at the office and connect your phone to the official **SWK Properties Office Wi-Fi** network. Attendance check-in requires verified Office Wi-Fi connectivity.

Step 2: Open Scanner & Sign In
Scan the **Reception QR Poster** at the entrance or open **https://os.swkpropertiesuae.com/reception-qr** and sign in with your `@swk.property` email and password.

Step 3: Tap "Check In Now"
Your arrival is logged in Dubai time (GST). At the end of the day, tap **Check Out** and submit your **Daily Report** (`/e/daily_reports`). *Note: Only Owner & Haseeb can print the QR poster.*

2. Daily Tools Available to Every Staff Member

MODULE	NAVIGATION PATH	HOW TO USE IT IN YOUR DAILY WORK
Attendance & Leave	`/reception-qr` · `/e/attendance` · `/e/leave_requests`	Check in/out daily on Office Wi-Fi, view your personal attendance log, apply for annual or sick leave, and submit your daily activity summary (`/e/daily_reports`).
Company Manual & SOPs	`/competency` · `/handover`	Read official SWK Properties LLC rules, RERA compliance guidelines, commission policies, and watch the Full-HD Explanatory Walkthrough Video at `/handover` .
DLD Market Pulse (24 Areas)	`/market` · `/e/communities`	Before any client call or viewing, select the community (e.g., Palm Jumeirah, Downtown, Marina, Business Bay, JVC) to get live AED/sqft, gross yield %, 15-year forecast, nearby schools/metro, and ready-to-say closing lines.
7 UAE Deal Calculators	`/toolkit`	Calculate exact buyer/tenant numbers on the spot: (1) DLD 4% Transfer Fee, (2) UAE Mortgage & 50% DBR, (3) RERA Rent Increase Index, (4) Net ROI after Service Charges, (5) AED 2M Golden Visa, (6) 50/50 Split + 5% VAT, (7) Move-In Costs.
Calendar & AI Assistant	`/calendar` · `/ai`	Check company meetings/viewings and use the internal SWK AI Assistant to draft polished WhatsApp pitches, bilingual listing descriptions, or client emails.

3. The 10-Step UAE Real Estate Execution Sequence (For Authorised Brokerage Roles)

Steps 01 – 05: Inventory, Marketing & Field

1. **Inventory & 3rd-Party A2A Intake** (`/e/inventory_submissions`)
2. **Owner Form A & Portal Promotion** (`/listings`)
3. **Platform Leads Intake** (`/e/leads`)
4. **Calls, WhatsApp & Follow-Ups** (`/e/voice_calls`, `/whatsapp`)
5. **GPS Site Visits + Area Companion** (`/e/field_sessions`, `/market`)

Steps 06 – 10: Closing, Finance & Governance

6. **Closing: Form F (MOU) / SPA / Ejari** (`/e/sales_contracts`, `/e/leases`)
7. **Escrow, Developer NOC & DLD Transfer** (`/e/dld_filings`)
8. **50–50% Commission Split & Tax Invoice** (`/e/agent_commissions`)
9. **Withdrawals & Client Refunds** (`/withdrawals`)
10. **Attendance, Daily Reports & Delete Bin** (`/recycle-bin`)
