OPERATIONS MANAGER EDITION · RERA ORN 51517

ROLE-SPECIFIC OPERATIONS & GOVERNANCE MANUAL

SWK Properties OS Operations Manager's Master Handbook

Prepared exclusively for **Mohammad Haseeb (Operations Manager)**. Complete step-by-step playbook for running daily brokerage operations across **Off-Plan Sales**, **Secondary Sales**, and **Leasing**, supervising the `10:00 AM – 7:00 PM` attendance & Checkout Gate, enforcing legal UAE payments & 50/50 + A2A commission splits, and routing administrative decisions, deletions & refunds to **Owner Shabib Siraj**.

Daily Operations Control Centre (Step 6)

SWK Properties L.L.C · Dubai, UAE

3 Core Depts	10am – 7pm	50/50 + A2A	Owner Gate
OFF-PLAN · SECONDARY · LEASING	10:05 GRACE & CHECKOUT GATE	LEGAL UAE PAYMENTS ONLY	ADMIN, BIN & REFUND ESCALATION

Account Holder: Mohammad Haseeb (`manager@swkpropertiesuae.com`)

Reporting To: Shabib Siraj (Owner & Managing Director)

Complete 20-Chapter Visual Screen Tour

Press **Play** below to watch the complete step-by-step visual tour of **SWK Properties OS**, covering every department you supervise daily:

20-CHAPTER VISUAL TOUR INCLUDED BELOW

All **20 high-resolution screen captures** across the 12 departments you supervise daily are embedded directly throughout this handbook.

Table of Contents

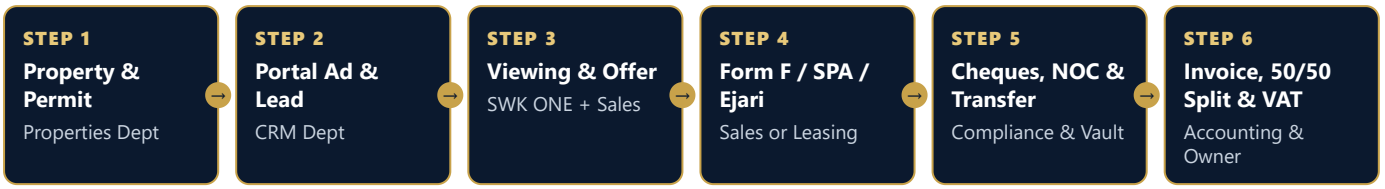

1. **Part 1 — Your Role as Operations Manager & Governance Boundaries**
2. **Part 2 — How to Navigate Any Screen in 10 Seconds (The 4 Simple Rules)**
3. **Part 3 — Mohammad Haseeb's Daily Management Schedule (** `10:00 AM – 7:00 PM` **)**
4. **Part 4 — Complete Department-by-Department Manager Guide (All 12 Departments)**
    - Department 1: Dashboards (Your Operations Command Centre)
    - Department 2: Properties (8-Step Inventory Verification, Permits & Portal Ads)
    - Department 3: CRM (11-Step Company-Wide Lead Routing, Calls, WhatsApp & Follow-Ups)
    - Department 4: Sales & Mandates (10-Step Off-Plan & Secondary Sales, Form F, NOC, DLD & Withdrawals)
    - Department 5: Leasing & Management (8-Step Ejari, PDC Cheque Vault, Inspections & Repairs)
    - Department 6: Landlords (Owner Portfolios & Payout Statements)
    - Department 7: Accounting (9-Step Legal UAE Payments, 50/50 + A2A Commissions & VAT)
    - Department 8: Compliance (RERA, Trakheesi, KYC & Anti-Money Laundering)
    - Department 9: Employees (Sales Advisors, Company Visas, Attendance & Leaderboard)
    - Department 10: Field Service (SWK ONE Mobile App, Reception QR, GPS Visits & Checkout Gate)
    - Department 11: Documents (Instant Deal Calculators, Letter Studio & Reports)
    - Department 12: Settings (Company Directory, Branches & Audit Visibility)
5. **Part 5 — Five Core Manager Playbooks (Step-by-Step Operational Execution)**
6. **Part 6 — Company Hierarchy, Commission Rules & Legal Payment Enforcement**
7. **Part 7 — Operations Manager's Quick-Reference Cheat Sheet**

Part 1 — Your Role as Operations Manager & Governance Boundaries

1.1 Your Mission in SWK Properties OS

As **Operations Manager** of **SWK Properties L.L.C**, you (`manager@swkpropertiesuae.com` / `haseeb@swkpropertiesuae.com`) are the operational engine of the company. You have **majority operational access** across all **3 Core Brokerage Departments**:

1. **Sales of Off-Plan Projects (`OFFPLAN`)** — Developer launches, EOIs, booking forms, SPAs, and Oqood registration.
2. **Secondary Projects (`SECONDARY`)** — Seller mandates (Form A), 3rd-party A2A partner units, buyer qualification (`Cash` / `Mortgaged` / `Mortgage Pre-Approved`), RERA Form F (MOU), Developer NOC, and DLD Trustee transfer.
3. **Leasing Department (`LEASING`)** — Landlord mandates, Bayut & Dubizzle portal promotions, 3rd-party A2A co-brokering, Ejari tenancy contracts, and Post-Dated Cheque (PDC) collection.

1.2 What You Control Directly vs. What Requires Owner (Shabib Siraj) Approval

SWK Properties OS is built around a clear governance chain between **Shabib Siraj (Owner)**, **Mohammad Haseeb (Operations Manager)**, **Talha Shabbir (BDM & IT Admin)**, and the **Sales Advisors**:

Operational Area	Mohammad Haseeb's Direct Authority (Operations Manager)	When Owner (Shabib Siraj) Approval Is Required
1. All Leads, Calls & Deals Across the Company	Unlike Sales Advisors (who only see their own assigned clients), you can **view, create, edit, assign, and reassign every lead, call, viewing, and deal** across all 3 departments.	If a lead or deal record needs to be **deleted**, your delete request requires a specific reason and goes to the **Delete Bin** for **Owner Shabib Siraj** approval.
2. Administrative Decisions (`manager_admin_decisions`)	You prepare and recommend administrative decisions (policy exceptions, commission split adjustments, fee waivers, HR/disciplinary actions, or special commercial terms).	**Every administrative decision must be approved by Owner Shabib Siraj** before taking effect. Submit it with full justification so the Owner receives an instant alert.
3. Deal Withdrawals & Client Refunds (`Withdrawals`)	You inspect the client/developer withdrawal request, verify the contract terms and payment mode, calculate any forfeiture/retention, and perform the **Manager Review**.	You **cannot** release a refund alone. After your review, the request moves to `Pending Owner Approval` —only **Owner Shabib Siraj** can approve the final client refund.
4. Record Edits & Deletions (`Audit Trail` & `Delete Bin`)	You can edit operational records across CRM, Properties, Sales, Leasing, HR, and Finance—every edit requires a **specific reason** which is logged in the Audit Trail and sent to Owner, Manager, and IT.	Whenever you or any staff member deletes a record, it is held in the **Delete Bin (`Pending Owner Approval`)** until **Owner Shabib Siraj** permanently approves or restores it.

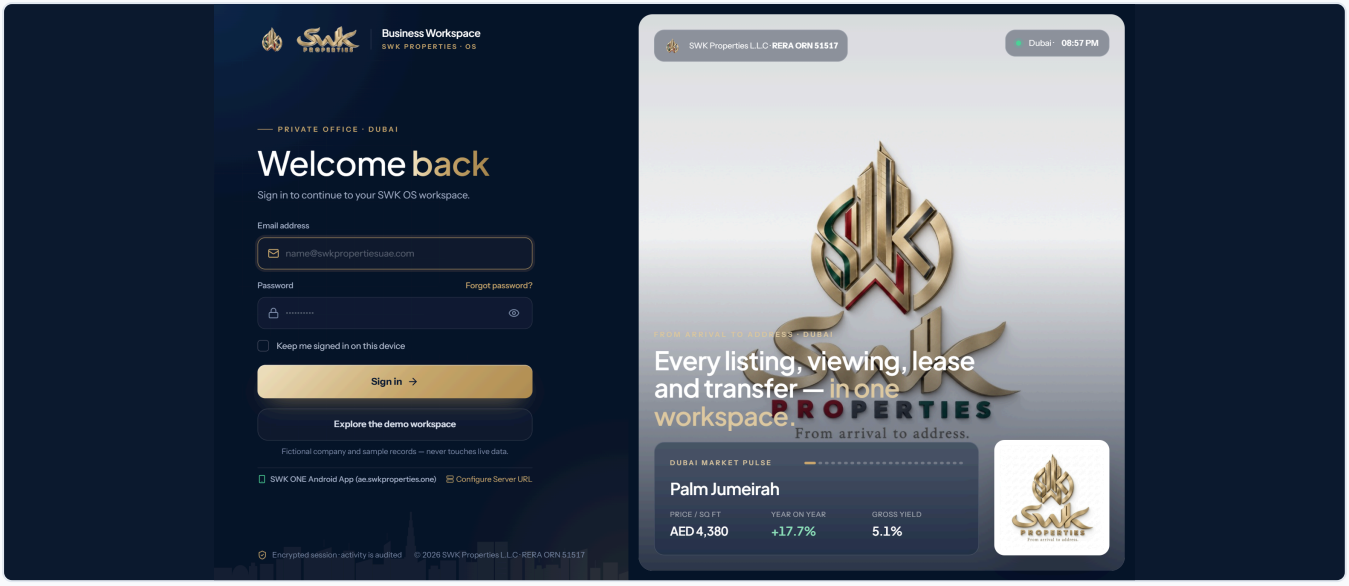

Operational Area	Mohammad Haseeb's Direct Authority (Operations Manager)	When Owner (Shabib Siraj) Approval Is Required
5. Daily Attendance, Late Contemptors & Checkout Gate	You monitor the `10:00 AM` arrival roll call (`10:05 AM` grace), receive **Continuous Contemptor Alerts** (≥3 late arrivals in 7 days) alongside the Owner, take written reports from late staff, verify GPS site visits, and enforce the `7:00 PM` **Daily Report Checkout Gate**.	Waiving a repeated contemptor warning or changing a staff member's employment status/contract requires **Owner Shabib Siraj** approval.
6. Legal UAE Payments & 50/50 Commission Splits	You verify that client payments arrive strictly via **SWK corporate bank accounts, DLD Escrow, Manager's Cheque, Licensed Exchange, or VARA-compliant USDT/Crypto** (never a broker's personal account) and verify the **50% SWK / 50% Advisor** net split (after any 3rd-party A2A deduction).	Final payout disbursement and high-value financial sign-offs follow the Owner signing rules.

Part 2 — How to Navigate Any Screen in 10 Seconds (The 4 Simple Rules)

Every screen in **SWK Properties OS** follows the same four rules so you can supervise the entire brokerage effortlessly:

Rule 1: Sign In at the Private Gate

Open `https://os.swkpropertiesuae.com` in your browser (or open the **SWK ONE** app on your Android phone). Sign in with your Operations Manager credentials (`manager@swkpropertiesuae.com`).

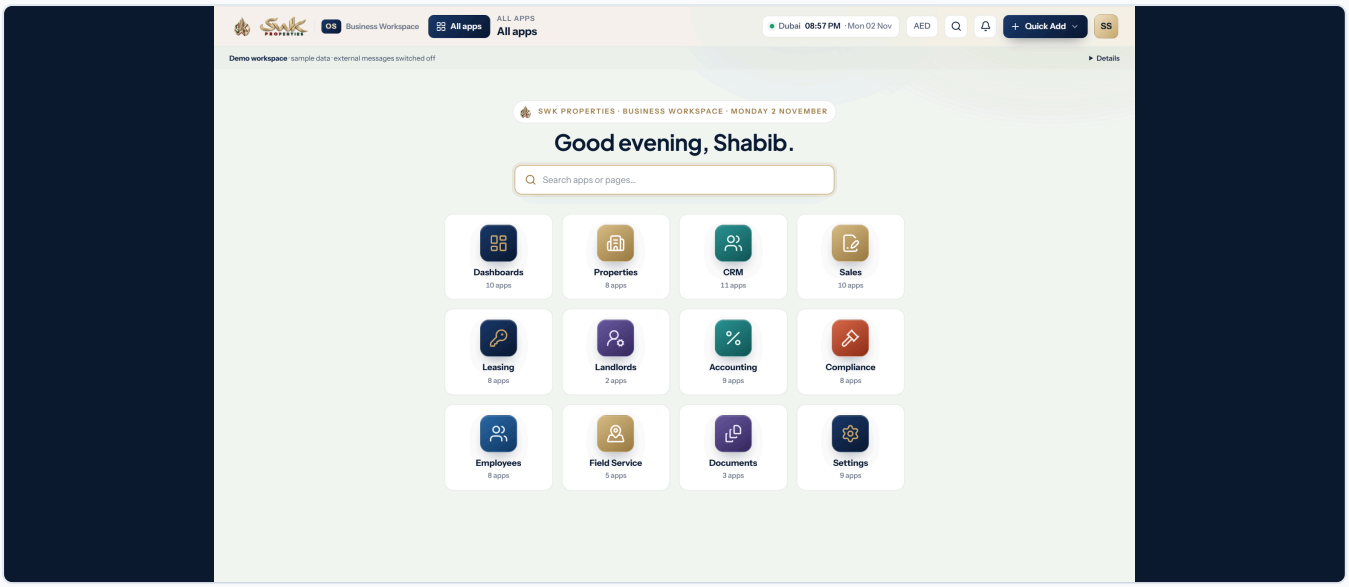

Chapter 1 — Secure Sign-In Screen

- **First Sign-In Security**: If signing in with a temporary password, the system will prompt you to set your personal password before unlocking business data.
- **Right Panel**: Displays live Dubai time (`GST, UTC+4`), `RERA ORN 51517` , and the live **Dubai Market Pulse** ticker.

Rule 2: Start at the 12-Department Home Screen (“All Apps”)

Right after signing in, you arrive at the **All Apps Home Screen** (`/home`).

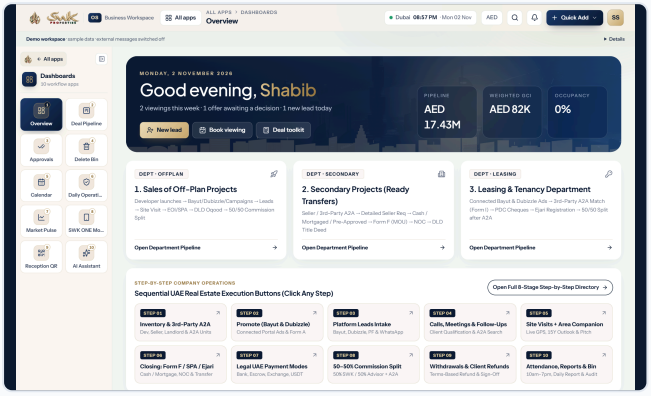

Chapter 2 — All Apps Home Screen

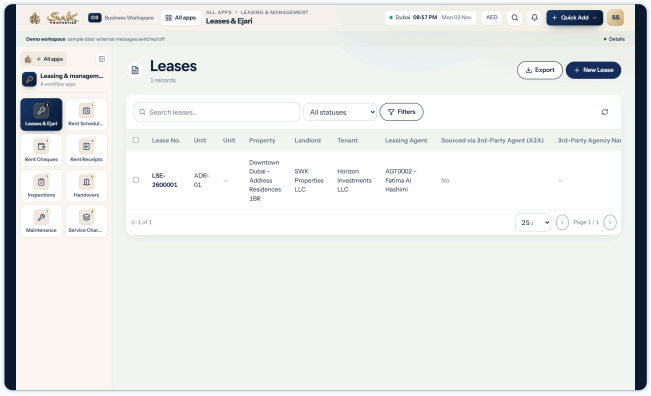

- **12 Department Tiles**: Every operation in SWK Properties sits inside one of these 12 tiles (**Dashboards**, **Properties**, **CRM**, **Sales & mandates**, **Leasing & management**, **Landlords**, **Accounting**, **Compliance**, **Employees**, **Field Service**, **Documents**, **Settings**).
- **Instant Search Bar**: Type any keyword (`"noc"`, `"cheque"`, `"attendance"`, `"withdrawal"`, `"Marina"`) and press **Enter** to jump straight to that screen.
- **Recent Strip**: One-click pills for the screens you visited most recently.

Rule 3: Follow the Numbered Steps (`1, 2, 3...`) on the Left App-Icon Sidebar

When you open any department, the left side of the screen displays a **2-column App-Icon Sidebar** where every icon is numbered `1`, `2`, `3`, `4`... in exact UAE real estate workflow order.

Inside Dashboards — Numbered 1 to 10 Workflow Icons on the Left

Inside Leasing — Numbered 1 to 8 Workflow Icons on the Left

- **How to Guide Your Brokers**: Train every Sales Advisor to move sequentially from **Step** `1` → **Step** `2` → **Step** `3` in their department. If a step is skipped (for example, trying to advertise a unit in Step `5` before uploading the Owner Permit in Step `2`, or trying to close a non-converted lead without entering a specific non-conversion reason), the system blocks the mistake automatically.
- **Returning Home**: Click **All apps** at the top of the left sidebar (or the SWK logo in the top bar) at any time.

Rule 4: Use the Top Bar From Anywhere

Top Bar Control	How Mohammad Haseeb Uses It Daily
SWK Logo / `All apps`	Returns immediately to the 12-Department Home Screen.
Breadcrumb & Page Title	Confirms which department and step you are inspecting.
Dubai Clock & AED Badge	Live Gulf Standard Time (`GST`) — use to verify `10:00 AM` check-in (`10:05 AM` grace), `10:30 AM` attendance report, and `7:00 PM` (`4:00 PM` Saturday) sign-out.
Global Search (`Ctrl + K`)	Look up any client phone number, unit number, Form F, Ejari, cheque number, or broker name in 1 second when a client or agent calls you.
Bell Icon (`Notifications`)	Alerts you immediately when a broker submits a new property, requests an approval, logs a withdrawal, triggers a **Continuous Contemptor** late alert, or edits/deletes a record.
`+ Quick Add` Button	Create a **New Lead**, **Submit Property**, **Book Viewing**, **New Sale File**, **New Lease (Ejari)**, **Request NOC**, or **Daily Report** from any page in two clicks.

Part 3 — Mohammad Haseeb's Daily Management Schedule (`10:00 AM – 7:00 PM`)

Here is your exact daily operational routine inside **SWK Properties OS** (Monday–Friday `10:00 AM – 7:00 PM`, Saturday `10:00 AM – 4:00 PM`, Sunday Holiday with client-based variable hours logged):

10:00–10:30 AM
Attendance & Roll Call
Check Reception QR scans, Live GPS viewings & Contemptor alerts

10:45 AM–1:00 PM
Leads & Listings Gate
Route Bayut/Dubizzle leads & approve verified Form A listings

2:00–5:30 PM
3-Dept Deal Supervision
Track Off-Plan, Secondary (Form F/NOC/DLD) & Leasing (Ejari/PDC)

6:30–7:00 PM
Daily Reports & Checkout
Verify all broker Daily Reports & site visits before sign-out

1. **10:00 AM – 10:05 AM — Office Opening & Reception QR Roll Call (`Field Service → Step 2: Reception QR`)**:
   - Ensure the rotating **Reception QR** terminal is live at the entrance.
   - Staff scanning in up to **10:05 AM** are recorded as **On-Time**.
   - Any broker who is outside the office for a scheduled morning viewing checks in via **Live GPS** on the **SWK ONE** app (`Field Service → Step 4: Field Visits`), which automatically registers their attendance against their viewing schedule.
2. **10:30 AM — Attendance Report & Continuous Contemptor Action (`Employees → Step 5: Attendance`)**:
   - At **10:30 AM**, Owner **Shabib Siraj** receives the automated WhatsApp Attendance Report, and any staff member with **≥3 late arrivals (`>10:05 AM`) in 7 days** triggers a **Continuous Contemptor Alert** to both the Owner and you.
   - Call in any late or contemptor staff member immediately, take their written explanation, log your coaching note, and guide them on schedule compliance.
3. **10:45 AM – 1:00 PM — Lead Routing & Portal Syndication Check (`CRM → Step 1: Leads` & `Properties → Step 1 & Step 5`)**:
   - Check new enquiries from **Bayut**, **Dubizzle**, Property Finder, and digital campaigns (coordinated with **Talha Shabbir**, BDM & IT Admin).
   - If any broker has not called a new lead within the SLA window, reassign the lead in `CRM → Step 1: Leads`.
   - Review new seller/landlord/A2A property submissions in `Properties → Step 1: New Submissions` and verify RERA Form A / Trakheesi permits before publishing in `Step 5: Listing Studio`.
4. **2:00 PM – 5:30 PM — Active Deal Supervision Across All 3 Departments (`Dashboards → Step 6: Daily Operations` & `Sales / Leasing`)**:
   - Inspect active **Off-Plan** bookings (EOI, SPA, Oqood), **Secondary** sales (Buyer finance status, Form F, 10% deposit in Escrow, Developer NOC, DLD Trustee transfer), and **Leasing** contracts (Ejari, PDC Cheque Vault maturities).
   - If a client or developer withdraws from a deal, review the calculation in `Sales → Step 10: Withdrawals` and forward your recommendation to **Owner Shabib Siraj**.
   - If an administrative decision is needed, log it for **Owner Shabib Siraj** approval before execution.
5. **6:30 PM – 7:00 PM (3:30 PM – 4:00 PM on Saturdays) — Mandatory Daily Report & Checkout Gate (`Field Service → Step 5: Daily Reports`)**:
   - Remember: the **Checkout Gate** blocks any broker from checking out until:
   - All of their scheduled site visits (`viewings`) for today have arrival GPS and client feedback recorded, **AND**
   - Their **Daily Report** has been submitted.

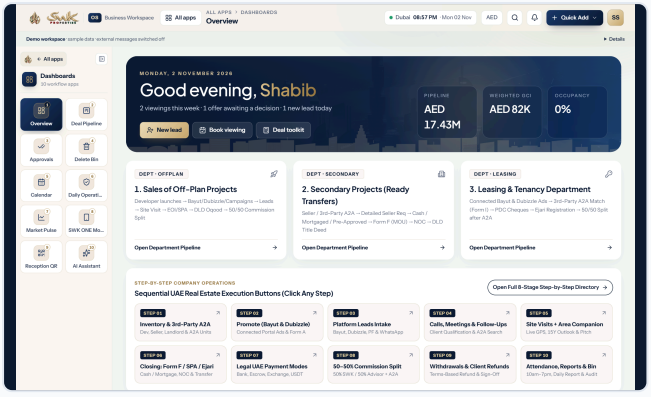

- Review the submitted Daily Reports in `Dashboards → Step 6: Daily Operations` (`Daily Work Reports` tab) before signing out at `7:00 PM`.

Part 4 — Complete Department-by-Department Manager Guide (All 12 Departments)

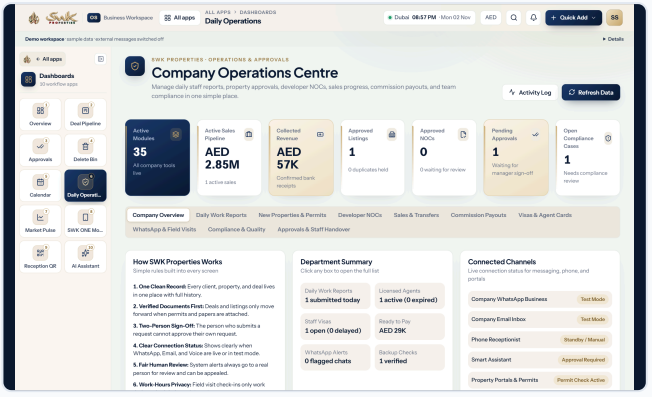

Below is how you use each of the **12 Departments** as Operations Manager to supervise staff, enforce UAE real estate rules, and keep data 100% accurate.

Department 1: Dashboards (Your Operations Command Centre)

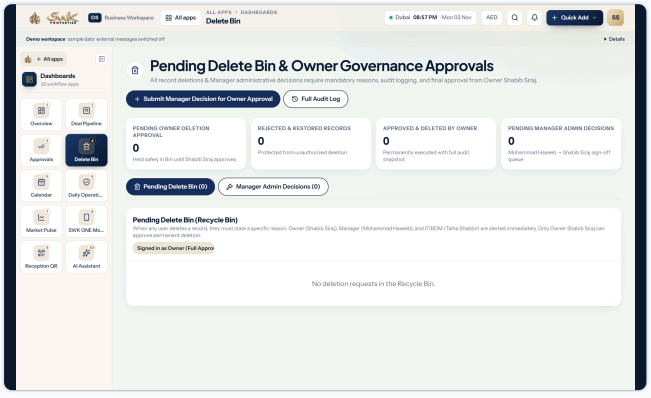

Manager's Role: Monitor live pipeline across the 3 departments (`OFFPLAN` , `SECONDARY` , `LEASING`), process operational approvals, check the Delete Bin queue, and give brokers live market data.

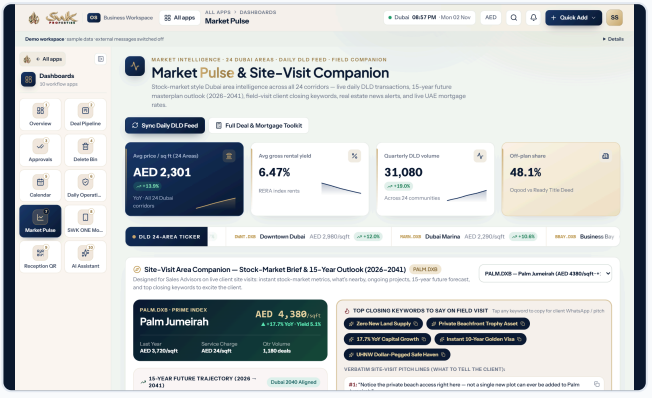

Dashboards Step 1 — Company Overview

Dashboards Step 6 — Daily Operations (Company Operations Centre)

Dashboards Step 4 — Delete Bin (Owner Protection Gate)

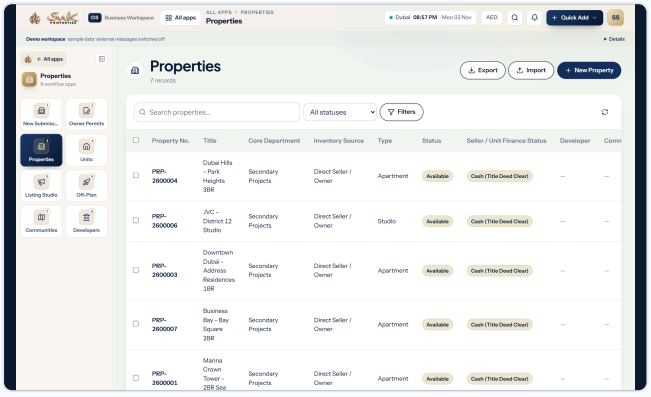

Dashboards Step 7 — Dubai Market Pulse

Step	App Icon	What Mohammad Haseeb Checks & Does Here
1	**Overview**	Check the 3 Department Command Cards (*Sales of Off-Plan Projects*, *Secondary Projects*, *Leasing*) and the **10-Step Sequential UAE Execution Buttons**. Spot bottlenecks in leads, viewings, or pending closings.
2	**Deal Pipeline**	Drag-and-drop / inspect deals across stages. Filter by **Off-Plan**, **Secondary**, or **Leasing** to see which broker is closest to closing this week.
3	**Approvals**	Review operational requests from staff. Approve items within your operational scope, and escalate administrative decisions to **Owner Shabib Siraj**.

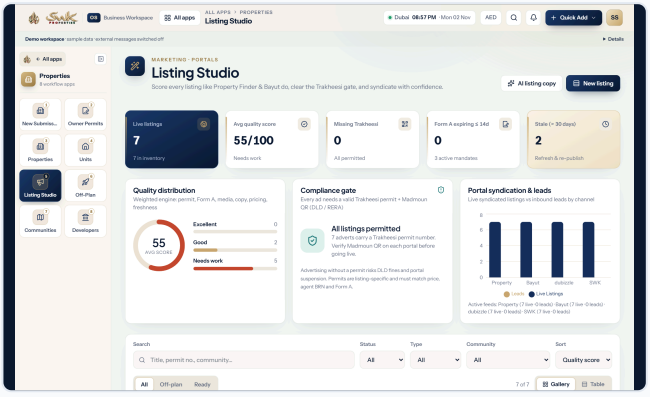

Step	App Icon	What Mohammad Haseeb Checks & Does Here
4	**Delete Bin**	Inspect any record a staff member requested to delete along with their mandatory reason. **Note**: Only **Owner Shabib Siraj** can execute permanent deletion from the Delete Bin; use this screen to verify why a broker requested a deletion.
5	**Calendar**	Master schedule of all broker site visits, client meetings, Developer NOC appointments, DLD transfers, and lease renewals.
6	**Daily Operations**	**Your #1 Management Screen.** Switch across its 9 tabs (*Daily Work Reports*, *New Properties & Permits*, *Developer NOCs*, *Sales & Transfers*, *Commission Payouts*, *Visas & Agent Cards*, *WhatsApp & Field Visits*, *Compliance & Quality*, *Approvals & Staff Handover*) to run the entire floor from one page.
7	**Market Pulse**	Live benchmarks for **24 Dubai communities** (price/sq ft, YoY growth, rental yield, daily DLD transactions, real estate news, and UAE mortgage calculator). Train brokers to open the **Site-Visit Area Companion** here before every viewing.
8	**SWK ONE Mobile**	Preview the mobile app interface and check live broker duty status, checkout gate status, and field sessions.
9	**Reception QR**	Open on the office reception tablet so the rotating 15-second QR code is ready for `10:00 AM` check-in and `7:00 PM` check-out.
10	**AI Assistant**	Ask the AI team (Jarvis) for instant operational summaries, overdue follow-ups, or draft client communications.

Department 2: Properties (8-Step Inventory Verification, Permits & Portal Ads)

Manager's Role: Ensure every Off-Plan, Secondary, and Leasing unit has verified seller/landlord requirements (or 3rd-party A2A agent details recorded) and a valid RERA permit before it is promoted on Bayut or Dubizzle.

Properties Step 3 — Approved Buildings & Villas

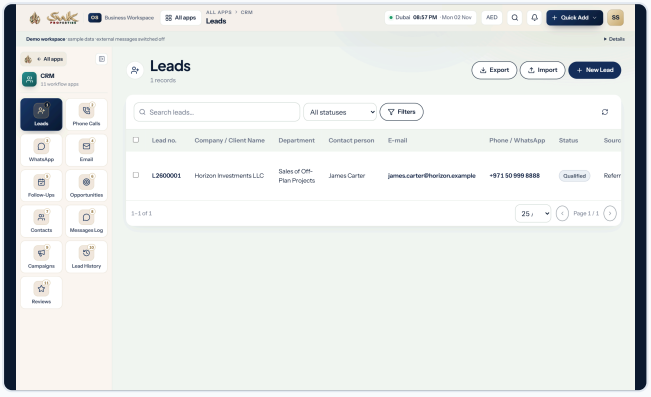

Properties Step 5 — Listing Studio & Portal Syndication

Step	App Icon	What Mohammad Haseeb Checks & Does Here
1	**New Submissions**	**Manager Approval Gate.** When a broker sources a Secondary or Leasing unit from a direct seller/landlord or a **3rd-Party Agent (A2A)**, they submit it here with detailed seller requirements (minimum price, mortgage status, occupancy, A2A split). Review the title deed/passport and click **Approve** to promote it into the inventory.
2	**Owner Permits**	Verify that signed **RERA Form A** and **Trakheesi permit numbers** are recorded and active. Never allow a unit without a permit to be advertised.

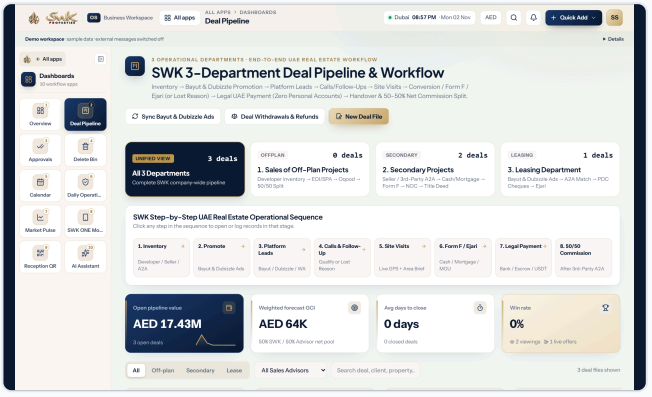

Step	App Icon	What Mohammad Haseeb Checks & Does Here
3	**Properties**	Master list of buildings and villa projects. Keep developer and service-charge links accurate.
4	**Units**	Inspect available, reserved, sold, and leased units. Check whether a unit is **Direct Mandate** or **3rd-Party A2A Partner Inventory** (when SWK does not hold direct inventory matching a client's requirement, record the 3rd-party A2A broker here).
5	**Listing Studio**	Coordinate with **Talha Shabbir (BDM & IT Admin)** to publish verified units to **Bayut**, **Dubizzle**, and Property Finder and track portal feed health.
6	**Off-Plan**	Manage developer project inventory, launch payment plans, EOI deadlines, and developer commission rates for the **Off-Plan Department**.
7	**Communities**	Maintain community profiles across all 24+ Dubai districts.
8	**Developers**	Master developer contacts (Emaar, DAMAC, Sobha, Nakheel, Meraas, Binghatti) and NOC rules.

Department 3: CRM (11-Step Company-Wide Lead Routing, Calls, WhatsApp & Follow-Ups)

Manager's Role: While each Sales Advisor is restricted to viewing only their own assigned leads, **you see all leads across the entire company**. Your job is to make sure every Bayut, Dubizzle, website, WhatsApp, and campaign lead is contacted fast, followed up properly, and either converted or closed with a **mandatory specific non-conversion reason**.

CRM Step 1 — Leads & Enquiries

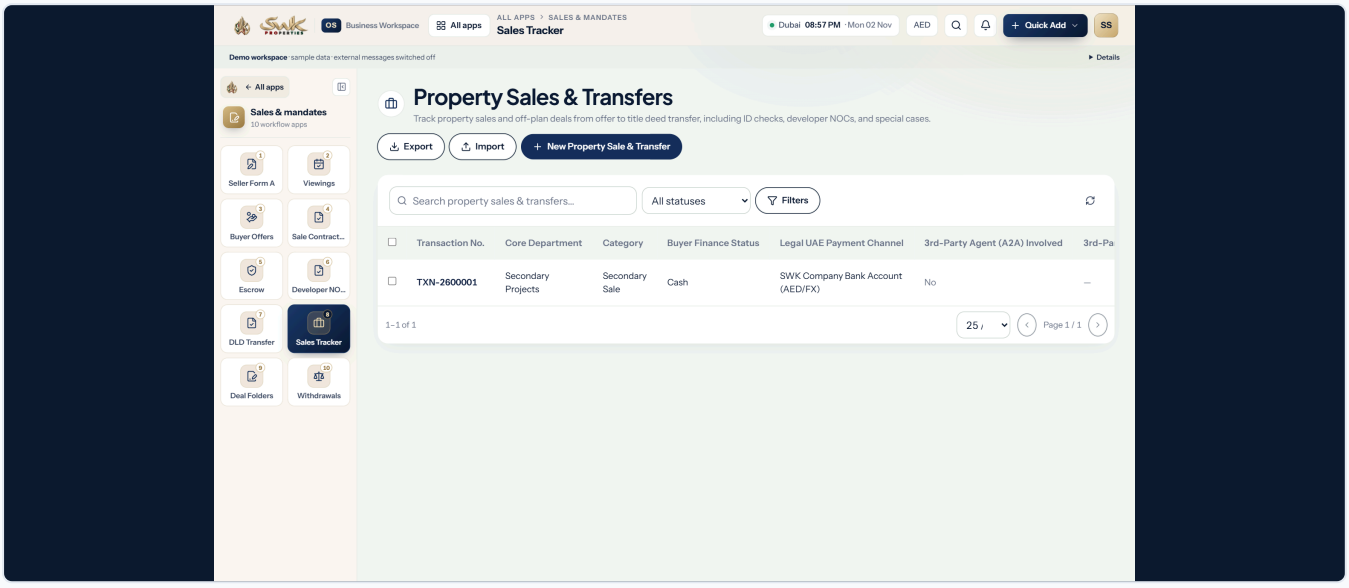

CRM & Sales — Visual Deal Pipeline Board

Step	App Icon	What Mohammad Haseeb Checks & Does Here
1	**Leads**	Monitor incoming leads across all 3 departments (`Sales of Off-Plan Projects` , `Secondary Projects` , `Leasing`). **Enforcement Rule**: If a broker marks a lead as *Disqualified / Lost / Not Converted*, the system requires a **specific non-conversion reason**—review those reasons daily to see if another unit or broker can save the deal.
2	**Phone Calls**	Audit broker call logs and notes to ensure advisors are making their daily call targets and qualifying buyer finance status (*Cash*, *Mortgaged*, *Pre-Approved*).
3	**WhatsApp**	Supervise company WhatsApp threads so client conversations stay on the official company channel rather than disappearing on personal phones.
4	**Email**	Review formal offer letters and client correspondence.

Step	App Icon	What Mohammad Haseeb Checks & Does Here
5	**Follow-Ups**	Check overdue tasks and callbacks across all brokers; nudge or reassign if a hot client is waiting.
6	**Opportunities**	Review qualified buyer/tenant requirements. If SWK lacks direct inventory for an opportunity, instruct the advisor to match a **3rd-Party A2A Agent** unit (RERA Form I).
7	**Contacts**	Master directory of Buyers, Sellers, Landlords, Tenants, and **3rd-Party A2A Brokers**.
8	**Messages Log**	Full audit trail of outbound/inbound client messages.
9	**Campaigns**	Work with **Talha Shabbir (BDM & IT Admin)** to track lead volume and conversion rate from Bayut, Dubizzle, Instagram, and Google campaigns.
10	**Lead History**	Inspect when a lead was assigned or reassigned to settle any broker ownership dispute fairly.
11	**Reviews**	Check post-viewing and post-closing client feedback on broker professionalism.

Department 4: Sales & Mandates (10-Step Off-Plan & Secondary Sales, Form F, NOC, DLD & Withdrawals)

Manager's Role: Guide every Off-Plan and Secondary deal from viewing and offer to Form F / SPA, legal payment collection, NOC, DLD Trustee transfer, and handover—and perform the mandatory Manager Review on any deal withdrawal or refund request.

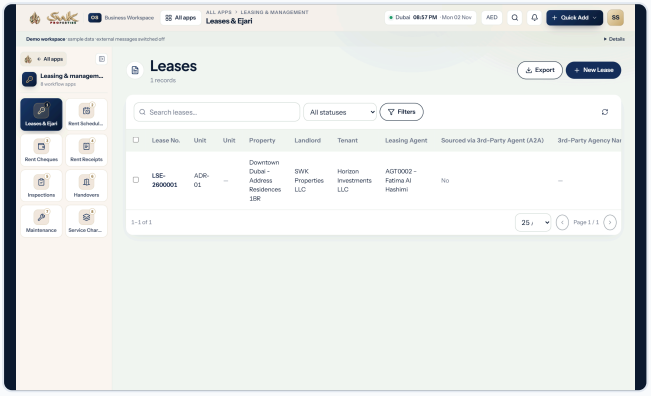

Sales & Mandates — Full Sale & Transfer Tracker

Step	App Icon	What Mohammad Haseeb Checks & Does Here
1	**Seller Form A**	Verify signed Seller Form A agreements, seller requirements (cash vs. mortgaged property, payoff bank if mortgaged), and commission % before marketing.
2	**Viewings**	Check scheduled viewings and ensure brokers check in via **Live GPS** on **SWK ONE** and log client feedback afterward (required to unlock their evening checkout).

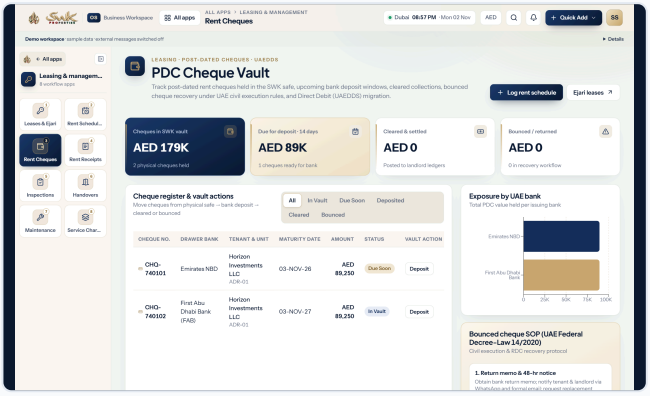

Step	App Icon	What Mohammad Haseeb Checks & Does Here
3	**Buyer Offers**	Verify buyer finance status (**Cash Buyer**, **Mortgage Pre-Approved**, or **Mortgage In Progress**) and ensure payment mode is 100% legal under UAE regulations.
4	**Sale Contract (F)**	Supervise **RERA Form F (MOU)** signing for Secondary units (or **SPA / Oqood** for Off-Plan units) and verify that 3rd-Party A2A details (Form I) are recorded if co-brokered.
5	**Escrow**	Track the 10% security deposit cheque or developer escrow payment.
6	**Developer NOC**	Track Developer NOC applications, service charge settlements, and mortgage clearance letters so transfers are never delayed.
7	**DLD Transfer**	Confirm completion at the **DLD Registration Trustee** office, Title Deed / Oqood issuance, and Manager's Cheque handover.
8	**Sales Tracker**	Master progress board of all active Off-Plan and Secondary sales.
9	**Deal Folders**	Final audit of the complete deal file before commission invoicing.
10	**Withdrawals**	**Deal Cancellations & Client Refunds (`deal_withdrawals`).** When a developer, seller, or buyer withdraws, verify the stage of withdrawal, the payment mode/amount received, and the contract terms agreed at the time of payment. Click **Manager Review & Forward to Owner**—final refund approval is reserved for **Owner Shabib Siraj**.

Department 5: Leasing & Management (8-Step Ejari, PDC Cheque Vault, Inspections & Repairs)

Manager's Role: Supervise residential and commercial leasing, Bayut/Dubizzle portal promotion, A2A partner leasing deals, Ejari registration, Post-Dated Cheque (PDC) maturity deposits, and key handovers.

Leasing Step 1 — Leases & Ejari Contracts

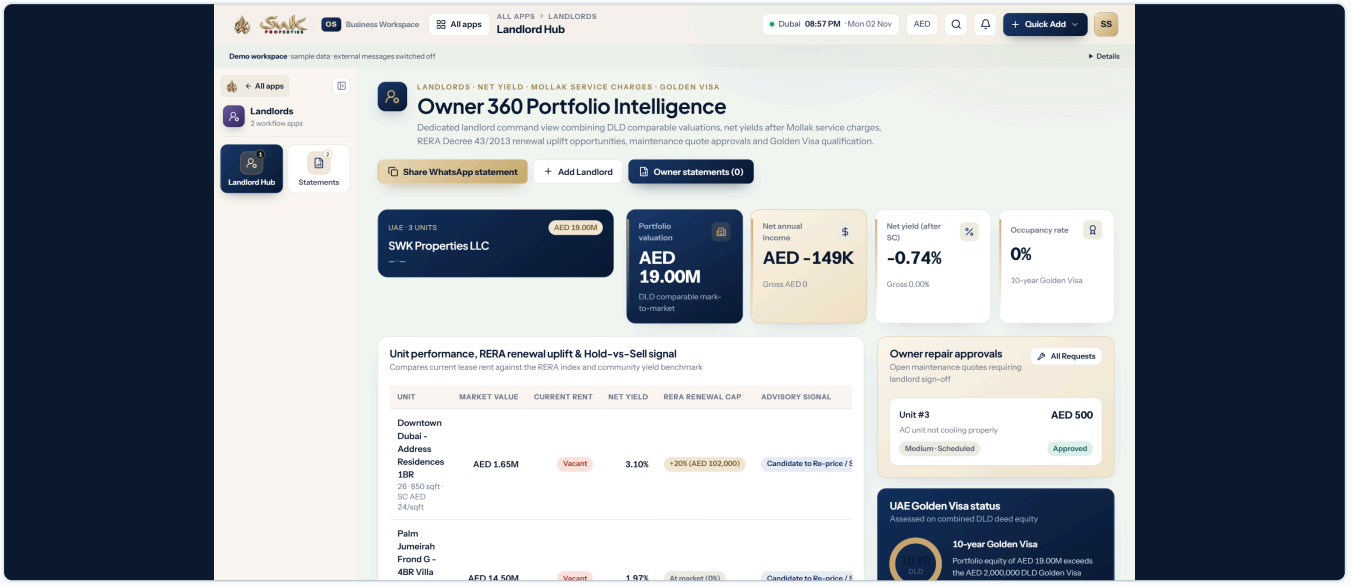

Leasing Step 3 — PDC Cheque Vault

Step	App Icon	What Mohammad Haseeb Checks & Does Here
1	**Leases & Ejari**	Verify tenancy contracts, Ejari certificate numbers, security deposits, cheque counts, and 90-day RERA renewal notices. If sourced via a 3rd-party A2A agent, confirm the A2A broker is linked.
2	**Rent Schedules**	Monitor upcoming and overdue rent instalments across managed units.

Step	App Icon	What Mohammad Haseeb Checks & Does Here
3	**Rent Cheques**	**PDC Cheque Vault.** Review cheques maturing in the next 14 days, ensure timely bank deposit, and follow the UAE Federal Decree-Law 14/2020 protocol if any cheque bounces.
4	**Rent Receipts**	Ensure official SWK receipts are issued only for payments received into official company/landlord accounts.
5	**Inspections**	Verify Move-In and Move-Out inspection reports before approving security deposit returns.
6	**Handovers**	Confirm key, access card, and DEWA clearance logs at tenant move-in/move-out.
7	**Maintenance**	Approve repair work orders within your operational limit and ensure landlord/tenant cost allocation is accurate.
8	**Service Charges**	Track RERA Mollak service charges for managed properties.

Department 6: Landlords (Owner Portfolios & Payout Statements)

Manager's Role: Maintain relationships with property owners and review net payout statements before disbursement.

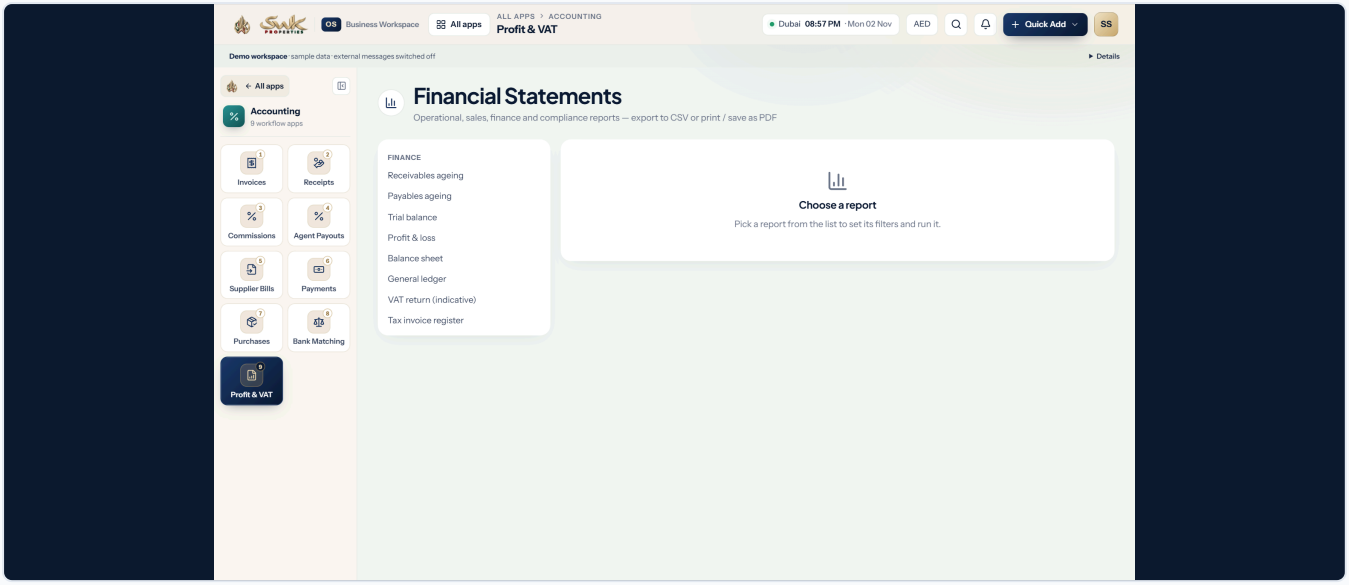

Landlords — Landlord Hub & Portfolio Yields

Step	App Icon	What Mohammad Haseeb Checks & Does Here
1	**Landlord Hub**	Review unit occupancy, gross rent, and net yield across each landlord's portfolio.
2	**Statements**	Verify `Collected Rent − SWK Management Fee − Approved Maintenance = Net Payout` before forwarding statements for payout sign-off.

Department 7: Accounting (9-Step Legal UAE Payments, 50/50 + A2A Commissions & VAT)

Manager's Role: Enforce **strictly legal UAE payment modes** (zero tolerance for Sales Advisor personal accounts) and verify the **50% SWK / 50% Sales Advisor commission split** (after deducting any 3rd-party A2A partner share).

Accounting — Financial Statements, P&L, Balance Sheet & UAE 5% VAT

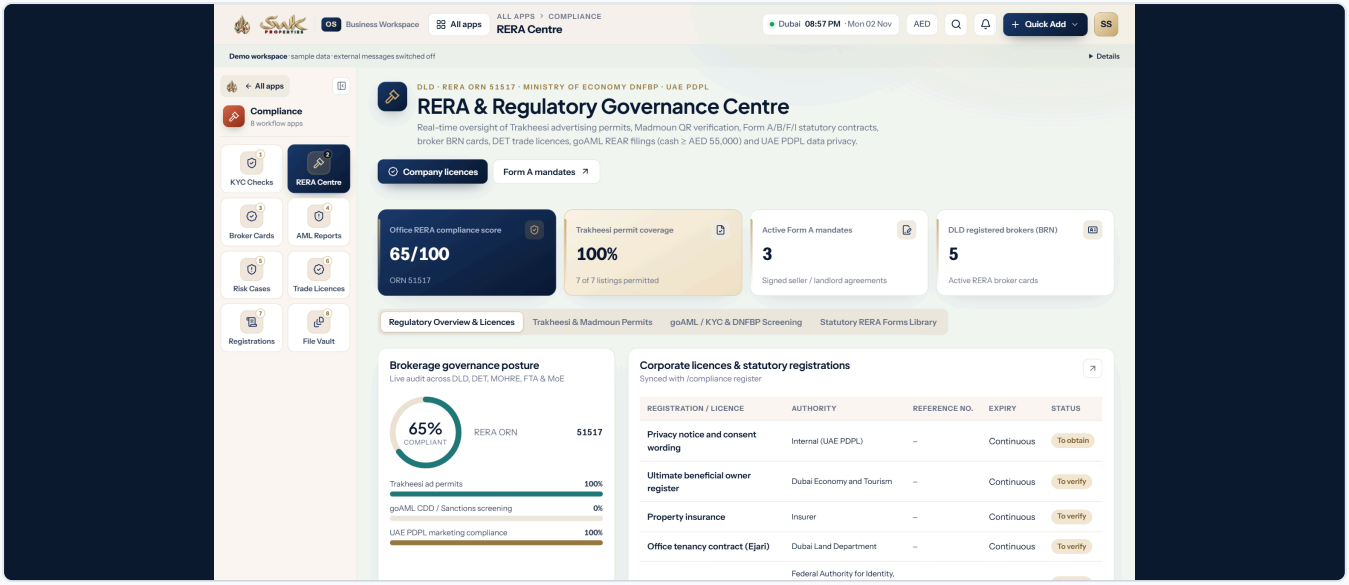

WARNING

Strict UAE Payment Compliance Rule: No client payment (deposit, booking, rent, or commission) may ever be received in a Sales Advisor's personal bank account. SWK Properties OS automatically blocks any receipt or transaction referencing a personal account (`400 Bad Request`). Permitted legal modes are: **SWK Corporate Bank Account (AED/FX)**, **Developer DLD Escrow Account**, **Manager's Cheque**, **Post-Dated Cheques (PDC)**, **Worldwide Currency Exchange (Licensed UAE Exchange House)**, and **UAE-Permitted Crypto / USDT (VARA-Licensed Gateway)**.

Step	App Icon	What Mohammad Haseeb Checks & Does Here
1	**Invoices**	Ensure FTA-compliant 5% VAT Tax Invoices are generated for every closed Off-Plan, Secondary, and Leasing deal.
2	**Receipts**	Verify that incoming funds cleared via an approved legal UAE payment channel into the SWK corporate account.
3	**Commissions**	Verify the automatic commission formula: 1. **Gross Commission (excl. VAT) − 3rd-Party A2A Share = Net Company Pool**. 2. **50% to SWK Properties** and **50% to the Sales Advisor**.
4	**Agent Payouts**	Confirm that the client's invoice is marked *Paid* and all Deal Folder documents are uploaded before recommending broker payout release to **Owner Shabib Siraj**.
5–9	**Bills, Payments, Purchases, Bank Matching, Profit & VAT**	Coordinate with Finance on supplier bills, portal invoices, bank reconciliation, and quarterly 5% VAT reporting.

Department 8: Compliance (RERA, Trakheesi, KYC & Anti-Money Laundering)

Manager's Role: Ensure 100% RERA, DLD, KYC, and goAML compliance across all transactions.

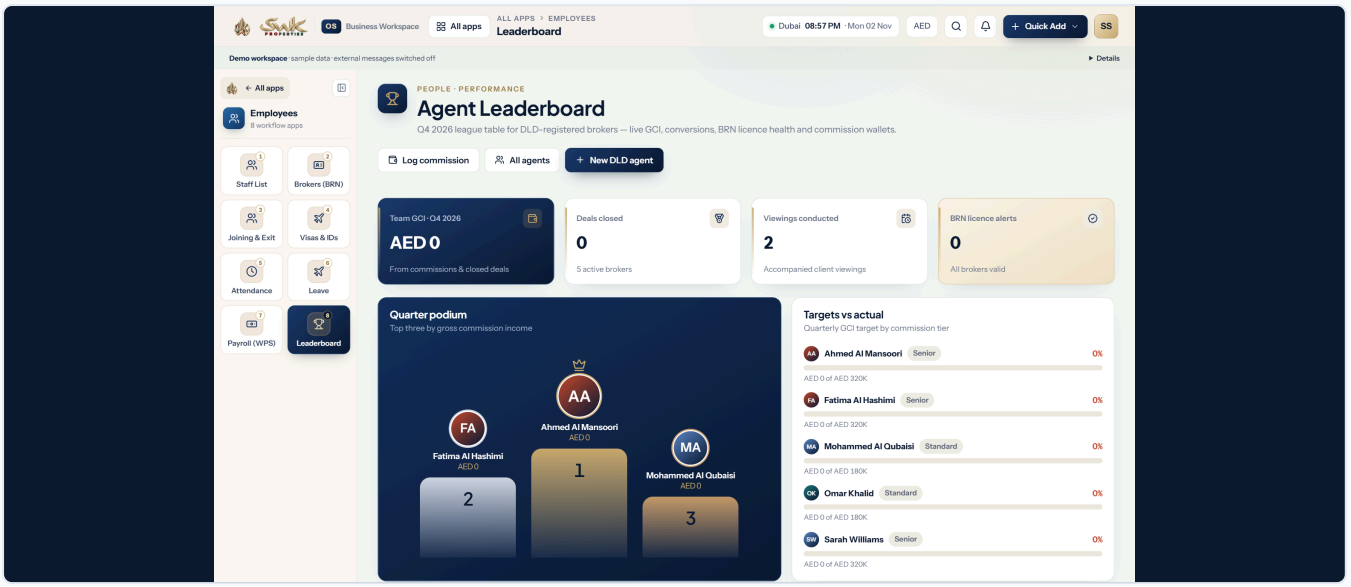

Compliance — RERA Centre, Permits & Statutory Forms

Step	App Icon	What Mohammad Haseeb Checks & Does Here
1	**KYC Checks**	Ensure every buyer, seller, landlord, and corporate client has verified Passport, Emirates ID, and sanctions screening before signing Form F or accepting USDT/Crypto/high-value funds.
2	**RERA Centre**	Audit **Form A**, **Form B**, **Form I (A2A)**, **Form F**, and **Trakheesi** permits across the team.
3	**Broker Cards**	Monitor **RERA BRN card** expiry dates for all Sales Advisors so no broker operates with an expired card.
4–8	**AML Reports, Risk Cases, Trade Licences, Registrations, File Vault**	Review goAML reports for cash/crypto deals, resolve compliance exceptions, and ensure all signed contracts are stored in the File Vault.

Department 9: Employees (Sales Advisors, Company Visas, Attendance & Leaderboard)

Manager's Role: Supervise all **Sales Advisors** (sponsored on **SWK Properties Company Visa** with **AED 0 Basic Salary** and **50–50% Commission Split**), monitor daily attendance (`10:00 AM – 7:00 PM` Mon–Fri, `10:00 AM – 4:00 PM` Sat, Sunday Holiday), and coach the team using the Leaderboard.

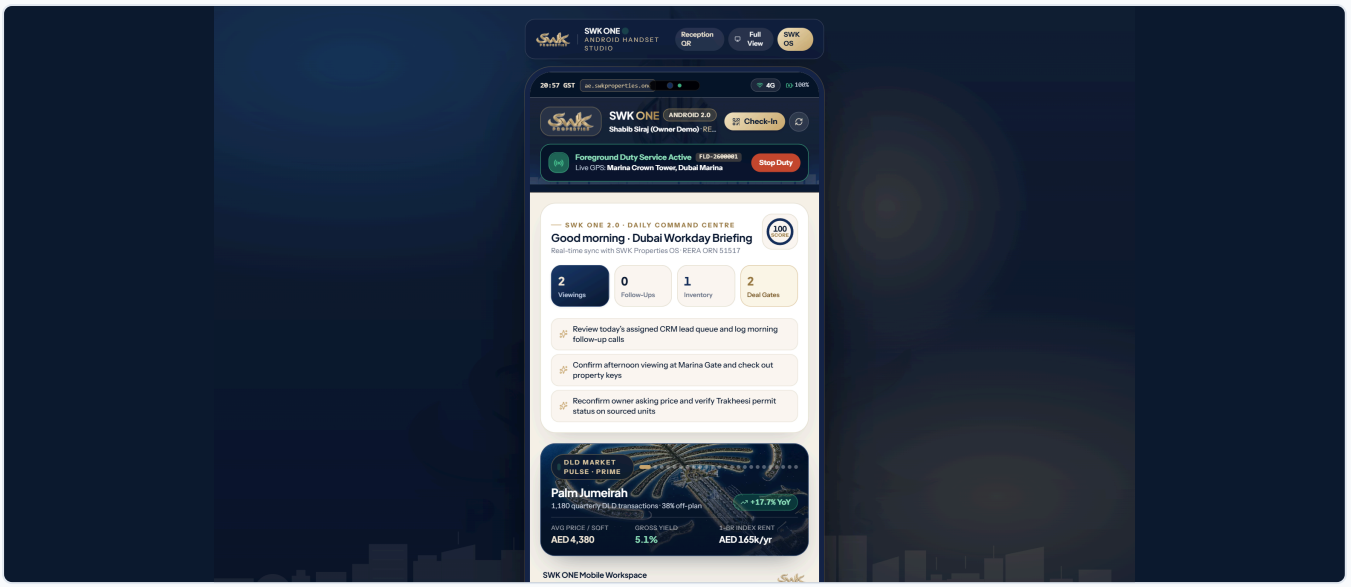

Employees — Broker Leaderboard, Targets & Performance

Step	App Icon	What Mohammad Haseeb Checks & Does Here
1	**Staff List**	View employee records. Confirm that all Sales Advisors are configured under `Commission Only (50/50 Company Visa – 0 Basic)` (`basic_salary = 0` , `company_visa_sponsored = true` , `50/50 split`).
2	**Brokers (BRN)**	Assign each Sales Advisor to their core department (**Sales of Off-Plan Projects**, **Secondary Projects**, or **Leasing**) and target Dubai communities.
3	**Joining & Exit**	Run the onboarding checklist for new brokers and ensure full lead/device handover before any departing broker's clearance.
4	**Visas & IDs**	Track Company Visa, Labour Card, Emirates ID, and Medical Insurance expiry dates.
5	**Attendance**	Inspect daily check-ins (`≤10:05 AM` On-Time vs. `>10:05 AM` Late), client-based variable hours reasons, and **Continuous Contemptor** flags.
6	**Leave**	Review leave requests and ensure active leads/viewings are covered before recommending approval.
7	**Payroll (WPS)**	Review monthly payroll batches (AED 0 basic for Commission-Only Sales Advisors + approved commission entitlements; salaried payroll for management/operations).
8	**Leaderboard**	Drive weekly sales performance meetings using live GCI, deal count, and viewing conversion rankings.

Department 10: Field Service (SWK ONE Mobile App, Reception QR, GPS Visits & Checkout Gate)

Manager's Role: Enforce real-time field accountability using the **SWK ONE** Android app (`ae.swkproperties.one`).

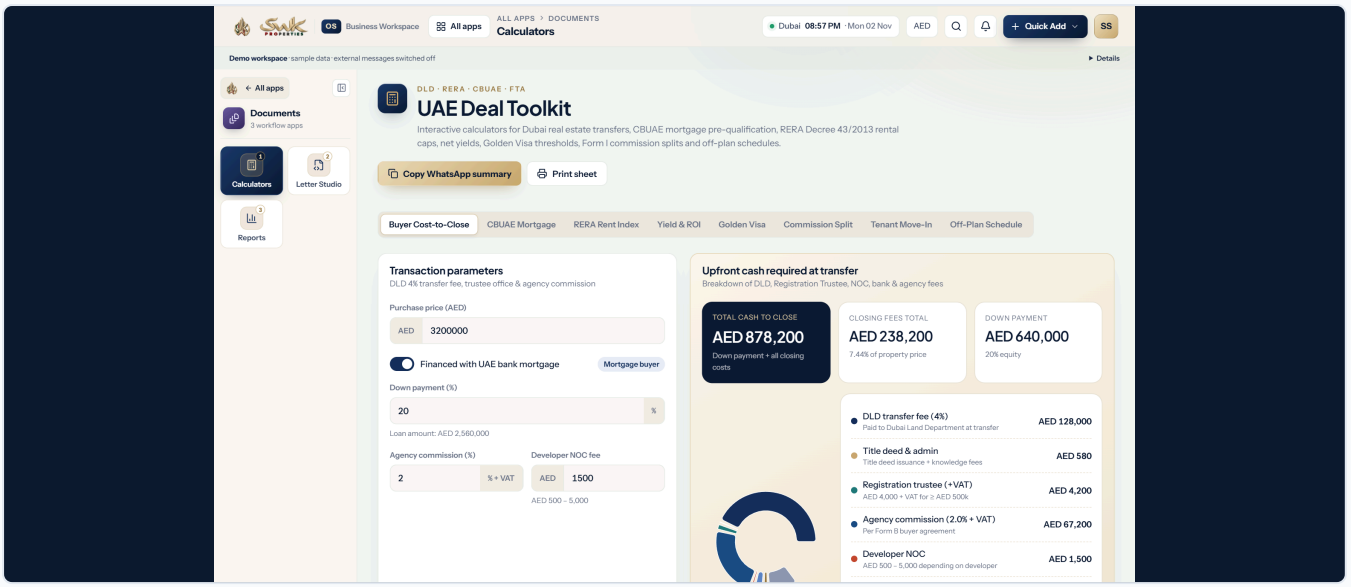

Field Service — SWK ONE Mobile App & Workday Briefing

Step	App Icon	What Mohammad Haseeb Checks & Does Here
1	**SWK ONE App**	Use on your own phone and verify how brokers check in, view scheduled site visits, use the **Site-Visit Area Companion** (15-year area outlook + closing pitch keywords), and submit daily reports.
2	**Reception QR**	Keep displayed on the office reception screen (`10:00 AM` arrival / `7:00 PM` sign-out).
3	**Gate Logs**	Audit raw QR scan and GPS arrival timestamps.
4	**Field Visits**	When a broker is outside the office for a morning or afternoon viewing, verify that they checked in via **Live GPS** at the property location (`Field Site Visit Live GPS`) matching their scheduled viewing.
5	**Daily Reports**	Read every broker's end-of-day report. Remember: the **Checkout Gate** prevents a broker from signing out until their scheduled viewings and today's **Daily Report** are submitted.

Department 11: Documents (Instant Deal Calculators, Letter Studio & Reports)

Manager's Role: Equip brokers with accurate financial calculations during client negotiations and export operational reports.

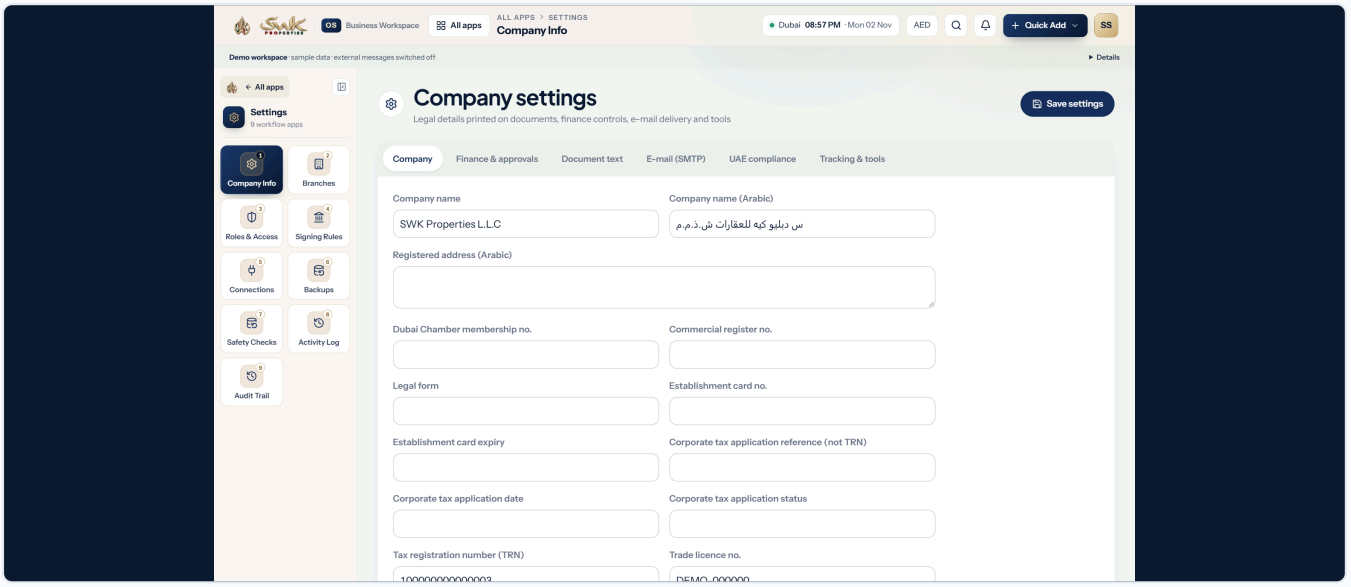

Documents — Instant DLD 4% Fee, Mortgage, Yield & Commission Calculators

Step	App Icon	What Mohammad Haseeb Checks & Does Here
1	**Calculators**	Use the **DLD 4% Transfer Fee Calculator**, **UAE Mortgage Calculator** (Expat 80% LTV / UAE National 85% LTV / live UAE bank rates), **Net Rental Yield Calculator**, and **50/50 + A2A Commission Split Calculator** to verify numbers during deal closing.
2	**Letter Studio**	Generate official SWK Properties offer letters, reservation forms, NOC requests, and landlord notices.
3	**Reports**	Export weekly and monthly department performance reports for **Owner Shabib Siraj**.

Department 12: Settings (Company Directory, Branches & Audit Visibility)

Manager's Role: View branch geofences, company details, and audit history while respecting Owner-only security boundaries.

Settings — Company Info, Roles, Backups & Audit Trail

- You have **view access** to Company Info, Branches, Roles, and Integrations (managed technically alongside **Talha Shabbir, BDM & IT Admin**).
- Any change to corporate governance thresholds, role permissions, or permanent deletion approvals is reserved exclusively for **Owner Shabib Siraj**.

Part 5 — Five Core Manager Playbooks (Step-by-Step Operational Execution)

Playbook 1: Running the `10:00 AM` Roll Call, `10:30 AM` Report & Coaching Continuous Contemptors

1. **10:00 AM – 10:05 AM**: In-office brokers scan the **Reception QR** (`Field Service → Step 2`). Brokers at an early client site visit check in via **Live GPS** on **SWK ONE** (`Field Service → Step 4`), which automatically registers their attendance against their scheduled viewing.
2. **10:06 AM Onwards**: Any check-in after `10:05 AM` (without an approved client-schedule variable hours reason) is marked **Late** with exact late minutes.
3. **10:30 AM Alert**: Owner **Shabib Siraj** receives the automated WhatsApp Attendance Report. If any broker reaches **≥3 late arrivals in 7 rolling days**, the system fires a **Continuous Contemptor Alert** to both **Owner Shabib Siraj** and **Mohammad Haseeb** and creates an urgent coaching task.
4. **Manager Action**: Open `Employees → Step 5: Attendance` , meet the broker, record their explanation and your guidance note, and update the task for the Owner's visibility.

Playbook 2: Supervising a Secondary Sale (Seller Requirement → A2A → Form F → Legal Payment → 50/50 Split)

1. **Seller / A2A Intake (`Properties → Step 1: New Submissions`)**: Verify whether the property comes directly from a Seller or via a **3rd-Party Agent (A2A)**. Ensure the seller's detailed requirements (minimum net price, cash vs. mortgaged property, notice period) and signed **Form A / Trakheesi permit** (`Step 2`) are uploaded before approving the listing.
2. **Portal Promotion & Lead Qualification (`Properties → Step 5: Listing Studio` → `CRM → Step 1: Leads`)**: Promote on Bayut & Dubizzle. Ensure the broker qualifies the buyer's finance status (**Cash**, **Mortgaged**, or **Mortgage Pre-Approved**).
3. **Site Visit with Area Companion (`Field Service → Step 1: SWK ONE App`)**: Before the viewing, ensure the broker opens the **Site-Visit Area Companion** (`Dashboards → Step 7: Market Pulse`) to present the community's stock-style price/sq ft ticker, nearby landmarks, **15-year outlook (2026–2041)**, and **top closing pitch keywords**.
4. **Form F, NOC & DLD Transfer (`Sales → Steps 3 to 7`)**: Once the offer is accepted, oversee **RERA Form F (MOU)** signing, 10% security deposit in Escrow, Developer NOC clearance, and DLD Trustee transfer.
5. **Legal Payment & 50/50 + A2A Commission Split (`Accounting → Steps 1 to 4`)**:
   - Confirm payment arrived via a legal UAE method into SWK's corporate account.
   - If a 3rd-party A2A agent is attached, their share is deducted first; the remaining net commission is split **50% SWK Properties / 50% Sales Advisor**.

Playbook 3: Supervising a Leasing Deal with Bayut, Dubizzle & 3rd-Party A2A Agents

1. **Direct Inventory vs. 3rd-Party A2A Search**: When a tenant lead arrives from **Bayut** or **Dubizzle**, check `Properties → Step 4: Units` . If SWK does not have direct inventory matching the client's requirement, use the **3rd-Party A2A Partner Matcher** (`Dashboards → Daily Operations` / `Properties`) to source a unit from a registered 3rd-party agent and record the A2A agent on the inventory/deal. If SWK holds direct inventory, no 3rd-party agent is needed.
2. **Viewing, Ejari & PDC Vault (`Leasing → Steps 1 to 3`)**: After the viewing and landlord approval, issue the **Ejari tenancy contract**, generate the **Rent Schedule**, and log all Post-Dated Cheques into the **PDC Cheque Vault**.

3. **Key Handover & Commission Split (`Leasing → Step 6` & `Accounting → Step 3`)**: Complete Move-In Inspection and Key Handover, collect the agency fee into the SWK corporate account, pay any A2A share, and split the net commission **50% SWK / 50% Leasing Advisor**.

Playbook 4: Reviewing a Deal Withdrawal or Client Refund Request (`Sales → Step 10: Withdrawals`)

1. **Inspect the Situation**: When a client or developer withdraws from a project or unit, open `Sales & mandates → Step 10: Withdrawals`.
2. **Verify Terms & Payment**: Check who initiated the withdrawal (*Client/Buyer* vs. *Developer/Seller*), the stage (*Pre-SPA/Pre-Form F* vs. *Post-Contract*), the exact amount and legal mode of payment received, and the cancellation/retention terms both parties agreed to at the time of payment.
3. **Manager Review & Escalation**: Verify the calculated net refund vs. retained amount, enter your Manager Review notes, and click **Forward to Owner**. **Owner Shabib Siraj** will review your assessment and give the final approval to release the refund.

Playbook 5: Submitting an Administrative Decision for Owner Approval

1. Whenever an operational issue requires an **administrative decision** (such as changing a commission tier, waiving a contractual fee, approving a non-standard expense, or taking formal HR action), open `Dashboards → Step 6: Daily Operations` (or `Step 3: Approvals`).
2. Submit the **Manager Administrative Decision** with the full background, financial impact, and your recommendation.
3. The system immediately notifies **Owner Shabib Siraj**. Wait for the Owner's status to change to **Approved** before executing the decision.

Part 6 — Company Hierarchy, Commission Rules & Legal Payment Enforcement

Rule Category	Official SWK Properties Policy Enforced by the OS
1. Leadership Chain	• **Shabib Siraj (Owner)**: Complete control (`*`), Morning WhatsApp Briefing (`09:30 AM`), Attendance Report (`10:30 AM`), sole final approver for Admin Decisions, Delete Bin, and Deal Withdrawal Refunds. • **Mohammad Haseeb (Operations Manager)**: Majority operational access across all 3 departments; routes admin decisions, deletions, and refunds to Owner. • **Talha Shabbir (BDM & IT Admin)**: CRM/ERP operations, Bayut & Dubizzle feeds, digital marketing, and IT. • **Sales Advisors**: Company Visa, **AED 0 Basic Salary**, **50%–50% Net Commission Split**.
2. Working Hours & Checkout Gate	• **Mon–Fri**: `10:00 AM – 7:00 PM` · **Sat**: `10:00 AM – 4:00 PM` · **Sun**: Holiday (variable hours logged for client visits). • **Grace Period**: Until `10:05 AM` (`≥3` late arrivals in 7 days = **Continuous Contemptor Alert** to Owner & Manager). • **Checkout Gate**: No advisor can check out until all scheduled site visits and today's **Daily Report** are submitted.
3. Commission Math	**Net Pool = Gross Commission (excl. 5\% VAT) − 3rd-Party A2A Partner Share** **SWK Share = 50% × Net Pool | Sales Advisor Share = 50% × Net Pool**
4. Legal UAE Payments Only	• **Allowed**: SWK Corporate Bank Account, Developer DLD Escrow, Manager's Cheque, PDCs, Licensed UAE Currency Exchange House, VARA-Licensed USDT/Crypto Gateway. • **Strictly Blocked**: Any payment to a Sales Advisor's personal account.
5. Mandatory Audit & Delete Bin	Every edit or delete requires a specific written reason, alerts **Owner + Manager + IT** immediately, and holds any deleted record in the **Delete Bin** until **Owner Shabib Siraj** approves.

Part 7 — Operations Manager's Quick-Reference Cheat Sheet

When Mohammad Haseeb Needs To…	Open This Department	Click This Numbered Step Icon
Run the daily morning & evening operations check	**Dashboards**	`6 · Daily Operations` and `1 · Overview`
