SWK PROPERTIES L.L.C · DUBAI, UAE · RERA ORN 51517

SWK Properties OS
Owner's Master Handbook & IP Valuation Dossier

The complete, step-by-step executive guide to your private real estate operating system — covering all 12 departments, 80+ workflow screens, the SWK ONE mobile app, daily 5-minute owner controls, end-to-end operational playbooks, and the commercial valuation of the repository transferred to SWK Properties.

PLATFORM SCOPE
12 Depts · 80+ Apps
Sales, Leasing, CRM, Finance, HR & RERA

TRANSFERRED CODEBASE
81,500+ Lines
100% Owned in SWK GitHub Repo

ENGINEERING ASSET VALUE
AED 1.1M – 1.53M
USD $300K – $417K Build Value

5-YEAR SAAS SAVINGS
AED 765K – 1.55M
Zero Per-User Monthly License Fees

EXECUTIVE DIRECTORY

How This Master Handbook Is Organized

Structured in clear, practical steps so you can oversee every department, train managers, and inspect any transaction in seconds.

Part 1 · What Is SWK Properties OS & Why It Matters (Page 2)
How your private workspace replaces scattered WhatsApp groups, Excel sheets, and third-party tools with 6 automatic Owner protections.

Part 2 & 3 · 10-Second Navigation & 5-Min Routine (Page 3)
The 4 simple rules for navigating any screen plus the Owner's 5-minute morning inspection checklist.

Part 4 · All 12 Departments Step by Step (Pages 4 – 12)
Every department and all 80+ workflow apps explained: what each feature is, why it matters, and how to use it step by step.

Part 5 · Four End-to-End Business Playbooks (Page 13)
Complete operational flows for Property Sales, Leasing & PDC Cheques, 10am–7pm Attendance/GPS Visits, and Deal Withdrawals.

Part 6 · Repository Transfer & IP Valuation (Page 14)
Full commercial valuation of the AED 1.1M–1.53M codebase transferred to SWK Properties and the 7 strategic owner advantages.

Part 7 · Owner's 1-Page Quick Cheat Sheet (Page 15)
Instant desk reference showing exactly which department and step number to click for any daily task.

PART 1 · FOUNDATION

What Is SWK Properties OS & Why It Matters

One private operating system connecting every listing, lead, viewing, contract, cheque, commission, and staff member.

SWK Properties OS is the private, all-in-one operating system built specifically for **SWK Properties L.L.C** in Dubai. Instead of client leads sitting on brokers' personal phones, property permits sitting in spreadsheets, post-dated cheques sitting in a safe without maturity alerts, and commissions calculated manually at month-end, **every department works inside one connected system**.

STAGE 01	STAGE 02	STAGE 03	STAGE 04	STAGE 05	STAGE 06
Property & Permit	**Portal Ad & Lead**	**Viewing & Offer**	**Contract Signing**	**Cheques & NOC**	**50/50 Split & VAT**
Form A, Trakheesi & Unit Intake	Bayut, Dubizzle, PF & WhatsApp	SWK ONE GPS Visit & Offer Log	Form F (MOU), SPA or Ejari	PDC Vault, Escrow & DLD Transfer	Tax Invoice, Receipt & Payout

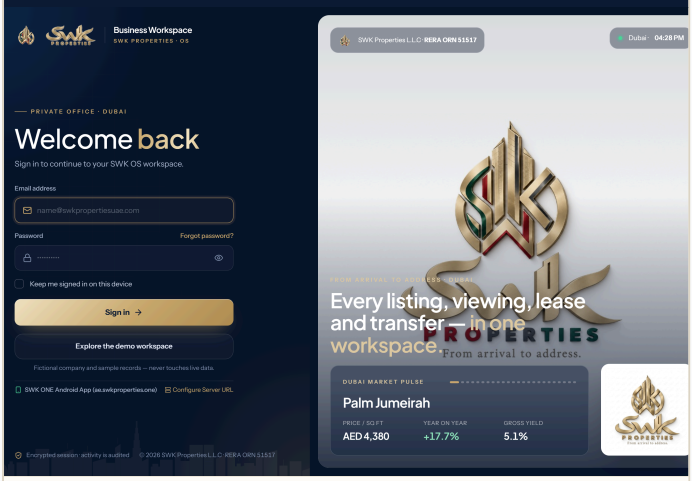

BUILT-IN OWNER PROTECTION	HOW IT PROTECTS SWK PROPERTIES EVERY DAY
1. Brokers Only See Their Own Clients	Sales and leasing brokers can only view and edit leads, deals, and follow-ups assigned to them. Only Managers and the Owner can view the full company client database.
2. Zero Secret Deletions (Delete Bin)	When any staff member clicks Delete on a record, it is **not erased**. It is intercepted and held in the Owner's **Delete Bin** until the Owner restores it or approves permanent removal.
3. Two-Person Sign-Off on Money & Permits	The staff member who submits a property, commission request, or client refund cannot approve their own request. A Manager or the Owner must sign off.
4. Verified Permits Before Portal Ads	Units only move to portal advertising after Seller Form A, Trakheesi permit numbers, and ownership documents are attached.
5. Live Reception QR & GPS Site Visits	Staff scan the rotating **Reception QR** code at 10:00 AM / 7:00 PM for office attendance and log GPS-verified building visits in the **SWK ONE** mobile app.
6. Permanent Timestamped Audit Trail	Every sign-in, edit, approval, and payout records the Old Value, New Value, Staff Name, and exact Dubai timestamp.

PART 2 · NAVIGATION MASTERY

How to Use Any Screen in 10 Seconds (The 4 Simple Rules)

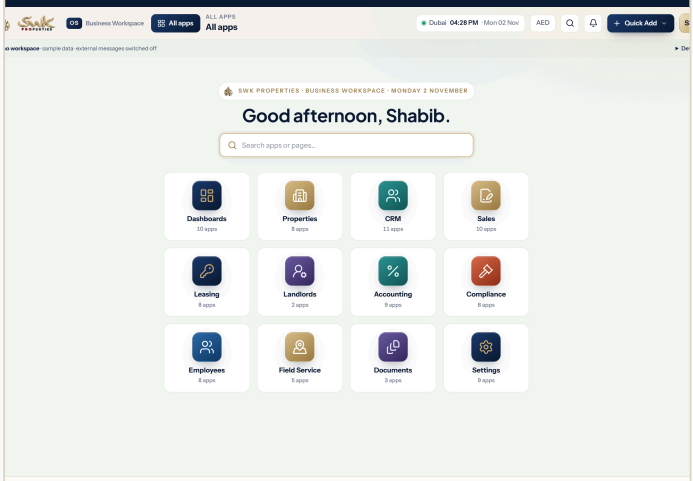

Every screen in SWK Properties OS follows the exact same layout so you never have to memorize complex menus.

RULE 1 · PRIVATE SIGN-IN GATE /login

Rule 1 — Sign In: Enter your email and password (plus optional 6-digit authenticator code). The right side shows live Dubai time and community market prices.

RULE 2 · 12-DEPARTMENT HOME SCREEN /home

Rule 2 — Pick a Department Icon: Right after signing in, you see 12 clean department icons (just like an iPad home screen) plus a central search bar.

Rule 3 — Follow the Numbered Steps (1, 2, 3...) on the Left Sidebar: When you open any department, a compact 2-column icon sidebar appears on the left. Every icon has a step number (**1, 2, 3...**) in its top-right corner arranged in the exact order of real estate workflow. Click **All apps** at the top-left anytime to return to the 12-department home screen.

Rule 4 — Use the Top Bar From Anywhere: Use the **Search icon (Ctrl + K)** to find any client, unit, cheque, or invoice instantly; the **Bell icon** for alerts; and **+ Quick Add** to create a new Lead, Property, Viewing, Sale, Lease, NOC, or Daily Report in two clicks.

PART 3 · DAILY EXECUTIVE OVERSIGHT

The Owner's 5-Minute Morning Routine

How to inspect the entire company's revenue, pipeline, attendance, approvals, and data safety every morning in 5 minutes.

MINUTE 1 · DASHBOARDS → STEP 1: OVERVIEW

1. Check Total Pipeline & Expected Commission

Review the top executive banner showing Total Active Pipeline (AED), Weighted Agency Commission (GCI), Occupancy %, and today's viewings, offers, and new leads.

MINUTE 2 · DASHBOARDS → STEP 6: DAILY OPERATIONS

2. Inspect Department Health & Staff Attendance

Check the 7 headline counters (Active Pipeline, Collected Revenue, Listings, NOCs, Pending Approvals, Compliance) and flip through the 9 operational tabs.

MINUTE 3 · DASHBOARDS → STEP 3: APPROVALS

3. Sign Off on Pending Requests

Open the Approvals queue to approve or reject any commission release, client refund, property submission, or expense waiting for Owner authorization.

MINUTE 4 & 5 · LEASING → STEP 3 & DASHBOARDS → STEP 4

4. Check PDC Cheques Due & Owner Delete Bin

Verify rent cheques due for bank deposit in the next 14 days, and check the **Delete Bin** to confirm zero unauthorized record deletions by staff.

DEPARTMENT 01 OF 12 · COMMAND & CONTROL

Dashboards (Your Executive Command Centre)

Gives the Owner a live 360-degree view of revenue, deal pipeline, approvals, deleted items, Dubai market benchmarks, and mobile operations.

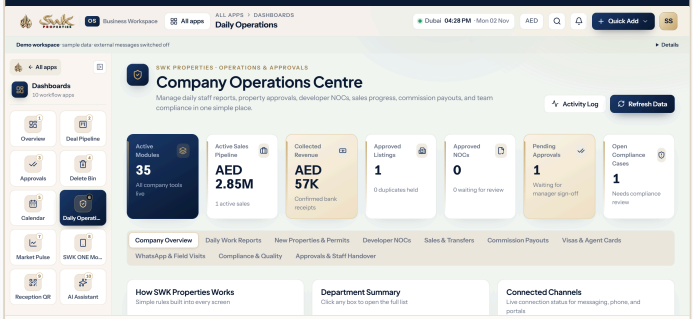

10 Workflow Apps

STEP 1 · COMPANY OVERVIEW — /dashboard

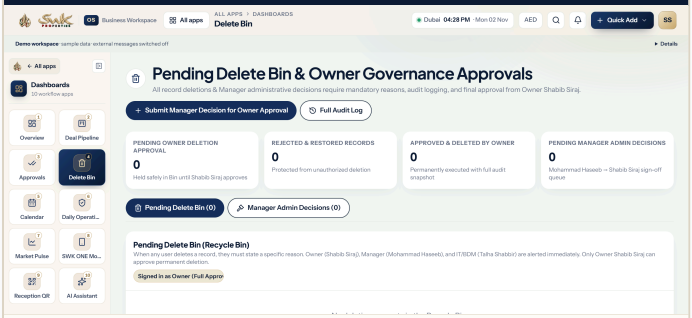

Overview: Pipeline value, weighted commission, Off-Plan/Secondary/Leasing cards, and 10 sequential execution buttons.

STEP 6 · DAILY OPERATIONS CENTRE — /enterprise/master-os

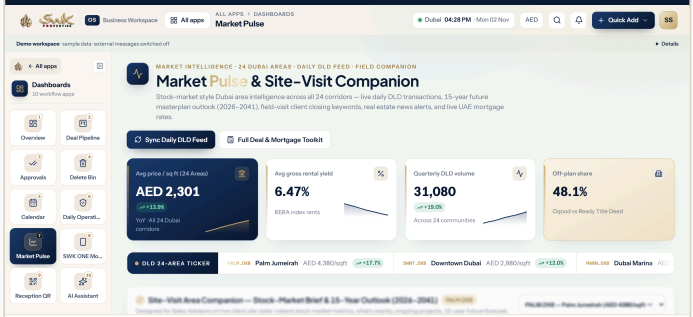

Daily Operations: 9 live control tabs covering Daily Reports, Permits, NOCs, Sales, Commissions, Visas, and Field Visits.

STEP 4 · OWNER DELETE BIN — /recycle-bin

Delete Bin: Intercepts any record deleted by staff so nothing can be erased without the Owner's explicit approval.

STEP 7 · DUBAI MARKET PULSE — /market

Market Pulse: Live DLD price per sq ft, year-on-year growth, and gross rental yields across prime Dubai communities.

STEP	APP ICON	WHAT IT IS & WHY IT MATTERS	HOW TO USE IT STEP BY STEP
1	**Overview**	Main morning summary of pipeline, weighted commission (GCI), occupancy, and the 3 core departments.	Click any of the 3 department cards or 10 execution buttons (STEP 01–10) to jump directly into that workflow.
2	**Deal Pipeline**	Visual stage-by-stage board of every active sale and lease deal.	Scan across columns from Enquiry to Closing to spot high-value deals or bottlenecks.
3	**Approvals**	Central inbox for all items waiting for Manager or Owner sign-off.	Open any request, inspect the attached proof, and click **Approve** or **Reject**.
4	**Delete Bin**	Safety vault that catches every deleted record across all modules.	Review who deleted the item and click **Restore** or **Approve Permanent Delete**.
5	**Calendar**	Company-wide schedule of viewings, meetings, and lease renewals.	Switch between Day/Week/Month views or click **+ New Event** to book an appointment.
6	**Daily Operations**	Master operational control room with 9 department tabs and live connection status.	Click any middle tab (Daily Work Reports, NOCs, Commissions, Visas) to review and act immediately.
7	**Market Pulse**	Dubai community price per sq ft, YoY growth %, and gross rental yield benchmarks.	Use during landlord or investor meetings to prove market pricing and rental returns.
8	**SWK ONE Mobile**	Live preview and launcher for the staff & broker mobile companion app.	Open to inspect mobile duty status, field check-ins, and daily briefing cards.
9	**Reception QR**	Rotating security QR code display for the office reception entrance screen.	Keep open on the reception tablet so staff scan in at 10:00 AM and out at 7:00 PM.
10	**AI Assistant**	Smart business helper connected to SWK Properties records.	Type plain-English questions or ask it to draft client emails and summaries.

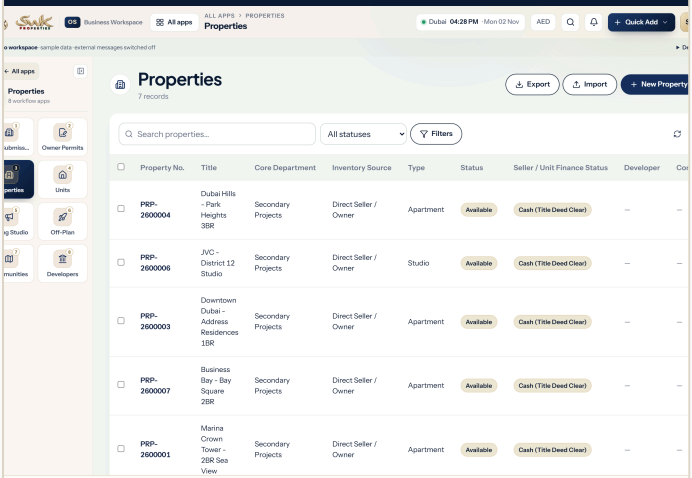

DEPARTMENT 02 OF 12 · INVENTORY & PORTAL SYNDICATION

Properties (8-Step Inventory, Permits & Listing Studio)

Controls every building, apartment, villa, owner permit, off-plan launch, and portal advertisement on Bayut, Dubizzle, and Property Finder.

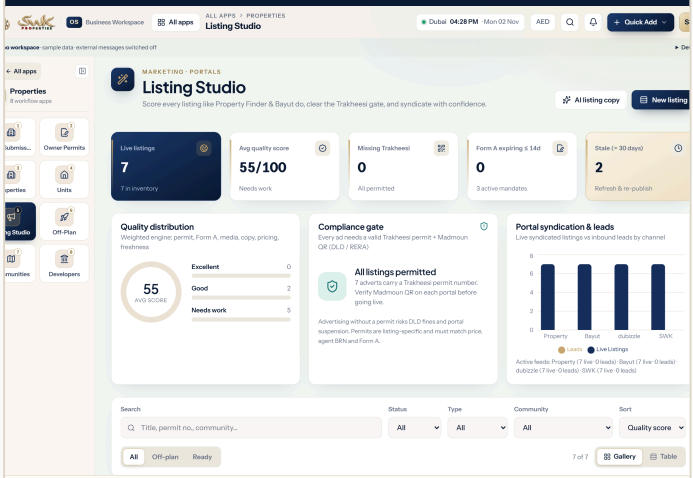

8 Workflow Apps

STEP 3 · APPROVED PROPERTIES & UNITS — **/e/properties**

Properties & Units: Structured inventory from initial agent submission and Form A permit to approved units ready for sale or lease.

STEP 5 · LISTING STUDIO (PORTALS) — **/listings**

Listing Studio: Verifies Trakheesi permits, photos, and descriptions before publishing to Bayut, Dubizzle & Property Finder.

STEP	APP ICON	WHAT IT IS & WHY IT MATTERS	HOW TO USE IT STEP BY STEP
1	**New Submissions**	Intake queue where brokers submit newly sourced units from sellers, landlords, or 3rd-party A2A agents. Prevents unverified units from polluting company inventory.	Broker clicks **+ New Submission** and attaches Title Deed, owner passport, and asking price; Manager verifies documents and clicks **Approve**.
2	**Owner Permits**	Tracks signed RERA Form A mandates and Trakheesi marketing permit numbers with automatic expiry countdowns. Protects SWK from DLD advertising fines.	Record the signed Form A and Trakheesi permit number here before moving any property to Listing Studio.
3	**Properties**	Master register of approved residential and commercial towers and villa communities managed or marketed by SWK Properties.	Click any building to view all units inside it, landlord details, annual service charges, and active sales or leases.
4	**Units**	Individual apartments, villas, penthouses, and offices with bedrooms, sq ft, floor, view, price, and availability status (Available, Reserved, Sold, Leased).	Filter by community, bedrooms, or price range during client calls to shortlist matching units in seconds.
5	**Listing Studio**	Portal publishing studio for Bayut, Dubizzle, and Property Finder with built-in Trakheesi permit and photo quality checks.	Select an approved unit, verify the headline, photos, and Trakheesi badge, and toggle the Bayut / Dubizzle / Property Finder switches.
6	**Off-Plan**	Developer launch desk (Emaar, DAMAC, Sobha, Nakheel, Meraas, Binghatti) with payment plans, handover dates, and Oqood registration tracking.	Use in investor meetings to compare 60/40 or 80/20 developer payment plans, handover quarters, and agency commission rates.
7	**Communities**	Directory of Dubai districts (Downtown, Dubai Marina, Palm Jumeirah, Business Bay, Dubai Hills, JVC) with yields and area guides.	Reference community profiles when advising international investors on capital appreciation vs. rental yield.
8	**Developers**	Master list of UAE developers, sales relationship managers, NOC fees, commission terms, and escrow bank details.	Check developer requirements when booking off-plan launches or applying for resale Developer NOCs.

Owner Governance Rule — Direct vs. 3rd-Party (A2A) Listings: Every unit in **Properties** records whether it is sourced **Direct from Owner/Developer** or via a **3rd-Party External Agency (A2A Form I)** so Accounting automatically deducts any external co-broker split before calculating SWK's 50/50 internal split.

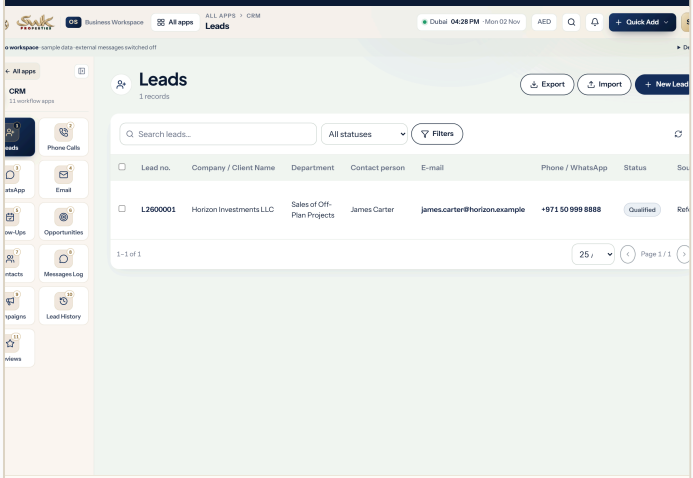

DEPARTMENT 03 OF 12 · CLIENT & LEAD ENGINE

CRM (11-Step Leads, Calls, WhatsApp, Email & Follow-Ups)

Captures every enquiry from portals, WhatsApp, calls, and campaigns—while isolating each broker's leads so client data stays protected.

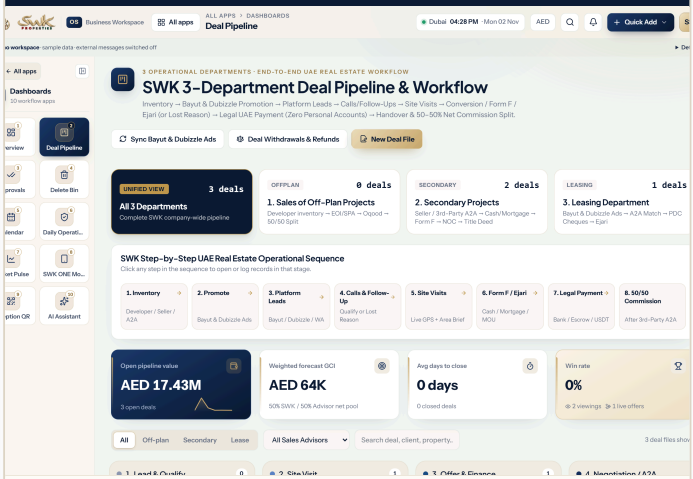

11 Workflow Apps

STEP 1 · LEADS & ENQUIRIES /e/leads

Leads: Every buyer and tenant enquiry with source, budget, community, assigned broker, and qualification status.

VISUAL DEAL PIPELINE /pipeline

Deal Pipeline: Tracks qualified opportunities column-by-column from Viewing to Offer, MOU, and Closing.

STEP	APP ICON	WHAT IT IS & WHY IT MATTERS	HOW TO USE IT STEP BY STEP
1	**Leads**	Central inbox of all new enquiries from Bayut, Dubizzle, Property Finder, WhatsApp, Instagram, website, and referrals.	Assign to a broker; broker updates status from *New → Contacted → Qualified → Viewing Scheduled*.
2	**Phone Calls**	Call log recording inbound and outbound client calls, call duration, outcome, and discussion summary.	Brokers log every client call immediately so a permanent history stays on the client's file.
3	**WhatsApp**	Company WhatsApp Business chat centre linked directly to CRM leads and contacts.	Send brochures, floor plans, and location pins while keeping chat records inside SWK OS.
4	**Email**	Client email inbox and formal communication templates for offers, statements, and follow-ups.	Send formal offer letters and investment proposals linked directly to the client record.
5	**Follow-Ups**	Task and callback scheduler with automatic overdue reminders.	Brokers clear their due follow-ups every morning so no hot enquiry goes cold.
6	**Opportunities**	Qualified buyer and tenant requirements actively moving toward a viewing or offer.	Link each qualified opportunity to shortlisted units and track expected deal value (AED).
7	**Contacts**	Verified database of buyers, sellers, tenants, landlords, and VIP investors with passport/Emirates ID links.	Click any contact to see every property they own, lease, or have viewed with SWK Properties.
8	**Messages**	Unified archive of internal deal notes and omnichannel client communications.	Review complete conversation threads before stepping into a client negotiation.
9	**Campaigns**	Tracks marketing campaigns across Property Finder, Bayut, Meta, Google, and roadshows with cost-per-lead ROI.	Compare campaign spend against closed commission revenue to see which channels perform best.
10	**Lead History**	Complete chronological audit trail of when each lead arrived, who it was assigned to, and when they responded.	Managers inspect Lead History to reassign neglected leads to faster-responding brokers.
11	**Client Reviews**	Tracks buyer, seller, and tenant satisfaction ratings and testimonials after deal handover.	Spot top-rated advisors and request Google/portal reviews from happy clients.

Owner Data Protection — Strict Broker Lead Isolation: Sales and leasing brokers only see leads assigned to their own name. They cannot browse or export another broker's clients. Only Managers and the Owner can view all company leads.

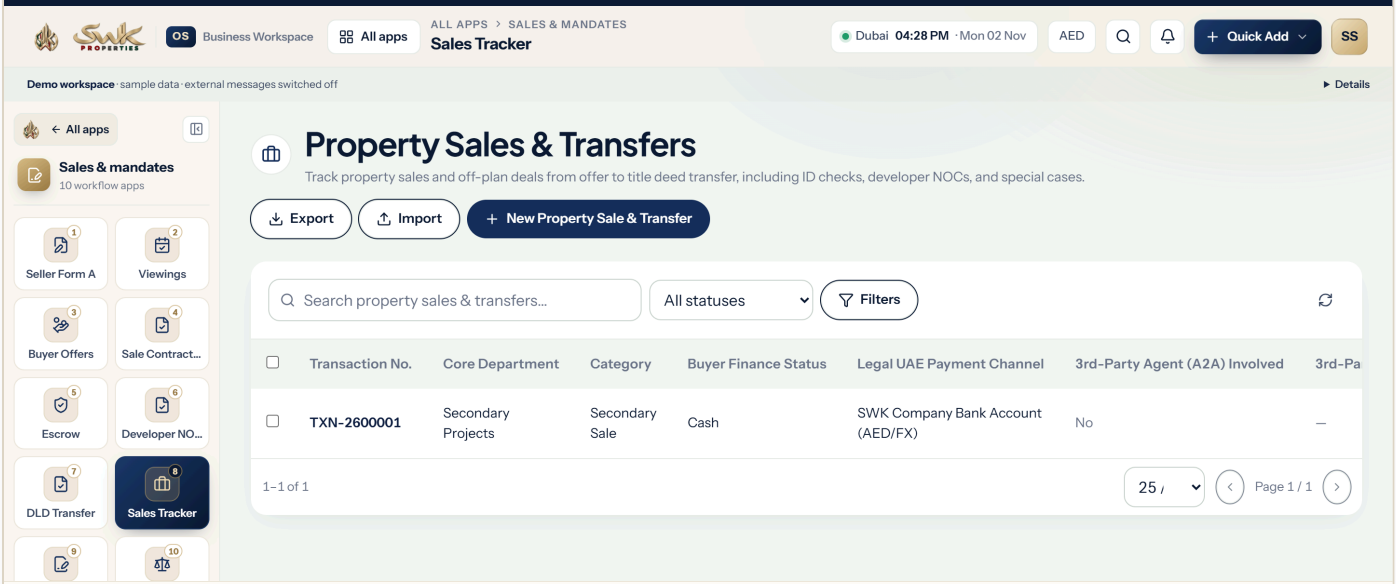

DEPARTMENT 04 OF 12 · SECONDARY & OFF-PLAN CLOSING

Sales & Mandates (10-Step Sale, NOC, DLD Transfer & Withdrawals)

Guides every property sale from Seller Form A through Viewing, Offer, Form F (MOU), Escrow, Developer NOC, DLD Transfer, and Deal Folder closing.

10 Workflow Apps

STEP 8 · FULL SALES & TRANSFER TRACKER — /e/transactions

Sales & Mandates: Tracks every sale across all 10 RERA/DLD steps, including legal UAE payment modes (Cash, Mortgage, Manager's Cheque, Escrow, Licensed Crypto) and Deal Withdrawals.

STEP	APP ICON	WHAT IT IS & WHY IT MATTERS	HOW TO USE IT STEP BY STEP
1	**Seller Form A**	RERA Seller Marketing Agreement (standard/exclusive, commission %, asking price, expiry).	Sign and attach Form A before listing any secondary property.
2	**Viewings**	Property viewing schedule, broker attendance, and buyer feedback log.	Book viewings and record client feedback immediately after each visit.
3	**Buyer Offers**	Formal log of every buyer offer, payment mode (Cash / Mortgage / Escrow / Crypto), and conditions.	Record all offers and counter-offers in writing for transparent seller negotiation.
4	**Sale Contract (F)**	RERA Form F (MOU) / SPA contract tracker between Buyer and Seller.	Log Form F signing date, 10% deposit cheque, and mortgage valuation deadline.
5	**Escrow**	Tracks security deposits and escrow balances held for active sales.	Log deposit receipt, holding account, and contract release conditions.
6	**Developer NOC**	Tracks Developer No Objection Certificate application, service-charge clearance, and issuance.	Apply for NOC once buyer funds/mortgage are ready; upload signed NOC PDF.
7	**DLD Transfer**	Dubai Land Department Registration Trustee appointment, 4% fee, Manager's Cheques, and new Title Deed.	Record the new Title Deed / Oqood number at transfer to unlock commission billing.
8	**Sales Tracker**	Master overview table of all ongoing sales, gross deal value, commission, and current stage.	Review in weekly sales meetings to keep every transaction moving toward transfer.
9	**Deal Folders**	Complete digital audit folder for each closed sale containing KYC, Form A, Form F, NOC, and Title Deed.	Verify the Deal Folder is 100% complete before releasing broker commission.
10	**Withdrawals**	**Deal Cancellations & Client Refunds.** Calculates contract retention fees and routes refunds for Owner approval.	Inspect contract terms and approve net refund calculation before Accounting pays out.

Supported UAE Payment Modes & Refund Safeguard: Every sale supports **Bank Transfer (AED IBAN)**, **Manager's Cheque at DLD Trustee**, **UAE Bank Mortgage Finance (FOL)**, **Developer Escrow Account**, **Post-Dated Cheques**, and **VARA/ADGM Licensed Crypto-to-AED Settlement**. Any cancelled deal in **Step 10: Withdrawals** requires explicit Owner/Manager sign-off before funds can be returned.

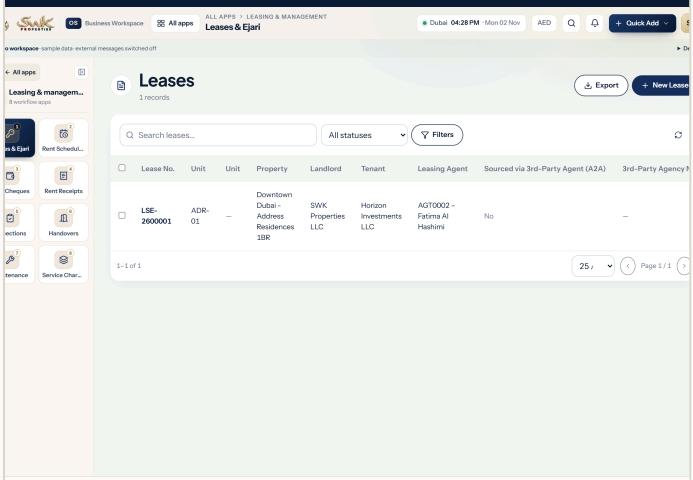

DEPARTMENT 05 OF 12 · TENANCY & PROPERTY MANAGEMENT

Leasing & Management (8-Step Ejari, PDC Cheque Vault & Maintenance)

8 Workflow Apps

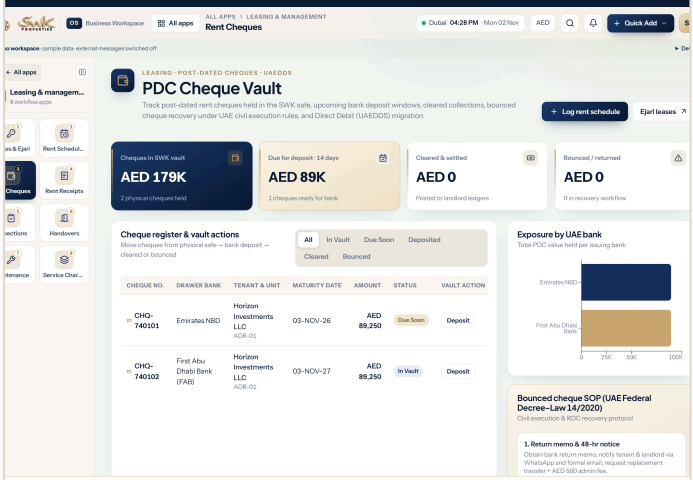

Manages Ejari contracts, rent schedules, physical post-dated cheques in your safe, rent receipts, inspections, key handovers, and repairs.

STEP 1 · LEASES & EJARI REGISTER /e/leases

Leases & Ejari: Tracks tenancy contracts, Ejari numbers, 90-day RERA renewal windows, and 3rd-party A2A co-brokering.

STEP 3 · PDC CHEQUE VAULT /pdc

PDC Cheque Vault: Tracks every post-dated rent cheque in the SWK safe, 14-day deposit alerts, bank exposure, and bounced cheque SOP.

STEP	APP ICON	WHAT IT IS & WHY IT MATTERS	HOW TO USE IT STEP BY STEP
1	**Leases & Ejari**	Master register of tenancy contracts, Ejari certificate numbers, start/end dates, annual rent, deposit, and 90-day RERA renewal alerts.	Create lease upon contract signing; review upcoming expiries 90 days in advance as required by Dubai RERA rental rules.
2	**Rent Schedules**	Breaks annual rent into 1, 2, 4, 6, or 12 instalments with exact due dates and payment status.	Filter by *Due Soon* or *Overdue* to follow up with tenants ahead of maturity dates.
3	**Rent Cheques**	**PDC Cheque Vault.** Tracks every physical post-dated cheque held in the SWK safe (*In Vault → Due Soon → Deposited → Cleared / Bounced*).	Check the **Due for deposit · 14 days** counter daily; click **Deposit** when sent to bank and **Clear** once funds arrive.
4	**Rent Receipts**	Official numbered rent receipts issued when a cheque clears or bank transfer lands.	Print or email the official SWK Properties receipt to the tenant and credit the landlord's statement.
5	**Inspections**	Move-in, periodic, and move-out property condition reports with room-by-room checklists and photos.	Complete before tenant move-in and before refunding the security deposit at move-out.
6	**Handovers**	Tracks keys, access cards, parking remotes, and DEWA/chiller final bills during move-in or move-out.	Have the tenant sign the handover checklist when collecting or returning keys.
7	**Maintenance**	Repair & maintenance work orders (AC, plumbing, electrical, painting) with contractor quotes and landlord approval.	Log tenant repair requests, attach contractor quotes, and deduct approved repairs from the landlord statement.
8	**Service Charges**	Tracks building service charges (AED/sq ft) payable to Master Developers / Mollak for managed units.	Verify service charges are paid up to date so units never face penalties or NOC blocks.

Bounced Cheque Protocol Built Into Step 3 (Rent Cheques): If a cheque is marked **Bounced**, SWK OS automatically triggers the 4-step Dubai legal recovery workflow: (1) Bank Return Memo logged, (2) 5-day formal Tenant Notice + AED 500–1,000 fee, (3) Replacement Transfer or Security Deposit offset, and (4) RDC / Dubai Police escalation file if unresolved after 14 days.

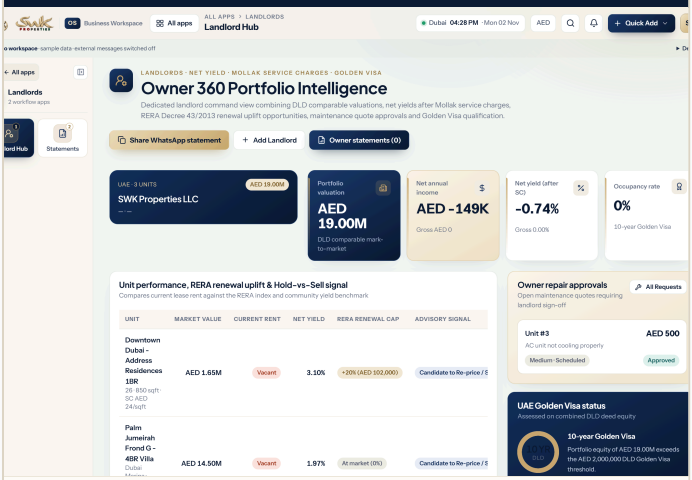

DEPARTMENT 06 & 07 OF 12 · LANDLORDS, ACCOUNTING, 50/50 COMMISSIONS & UAE VAT

Landlords (2 Apps) & Accounting (9 Apps)

11 Workflow Apps

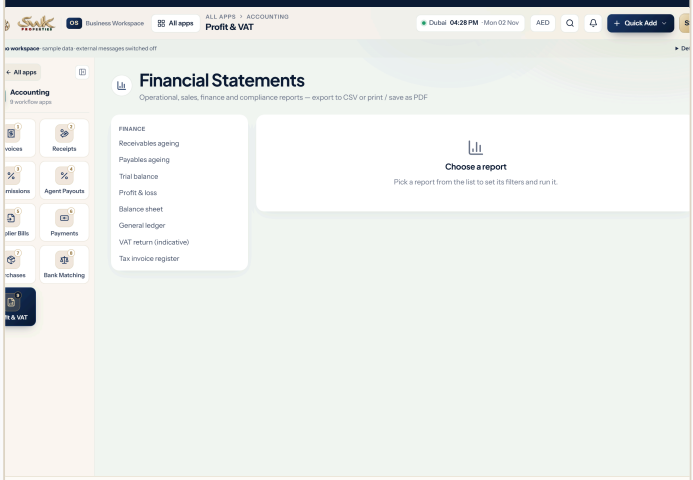

Manages landlord portfolio yields & payout statements, FTA tax invoices, 50% SWK / 50% Advisor commission splits, supplier bills, bank matching, and 5% VAT.

LANDLORDS · STEP 1: LANDLORD HUB /owners

Landlord Hub & Statements: Tracks every property owner's portfolio, occupancy, collected rent, repair deductions, and net payouts.

ACCOUNTING · STEP 9: PROFIT & UAE VAT /finance/statements

Profit & VAT: Live Income Statement (P&L), Balance Sheet, Trial Balance, and FTA 5% VAT Return Summary.

DEPT / STEP	APP ICON	WHAT IT IS & WHY IT MATTERS	HOW TO USE IT STEP BY STEP
Landlords 1	**Landlord Hub**	Executive directory of all property owners, total units managed, occupancy %, and portfolio yield.	Open before any landlord meeting to see their complete portfolio performance at a glance.
Landlords 2	**Statements**	Calculates **Gross Rent Collected − SWK Management Fee − Approved Repairs = Net Landlord Payout**.	Generate statement, export to PDF for the landlord, and mark as Paid once transferred.
Finance 1–2	**Invoices & Receipts**	FTA-compliant 5% VAT Tax Invoices (**1**) and verified incoming bank payment receipts (**2**).	Issue Tax Invoice upon deal closing; log Receipt as soon as funds clear in the SWK bank account.
Finance 3–4	**Commissions & Agent Payouts**	Calculates external A2A co-broker share first, then splits net commission **50% SWK Properties / 50% Property Advisor**.	System unlocks broker payout only after client invoice is paid and Owner/Finance approves.
Finance 5–6	**Bills to Pay & Payments Sent**	Tracks supplier bills (portals, DEWA, rent, marketing) (**5**) and outgoing bank transfers (**6**).	Require Manager/Owner approval before releasing any supplier or external broker payment.
Finance 7–8	**Purchases & Bank Matching**	Pre-approves staff purchase requests (**7**) and matches SWK bank statements against book entries (**8**).	Match bank lines weekly so accounting records always match actual bank balances to the Dirham.
Finance 9	**Profit & VAT**	Real-time P&L, Balance Sheet, Trial Balance, and UAE FTA 5% VAT Return summary.	Open anytime to check net company profit or export quarterly FTA VAT return figures.

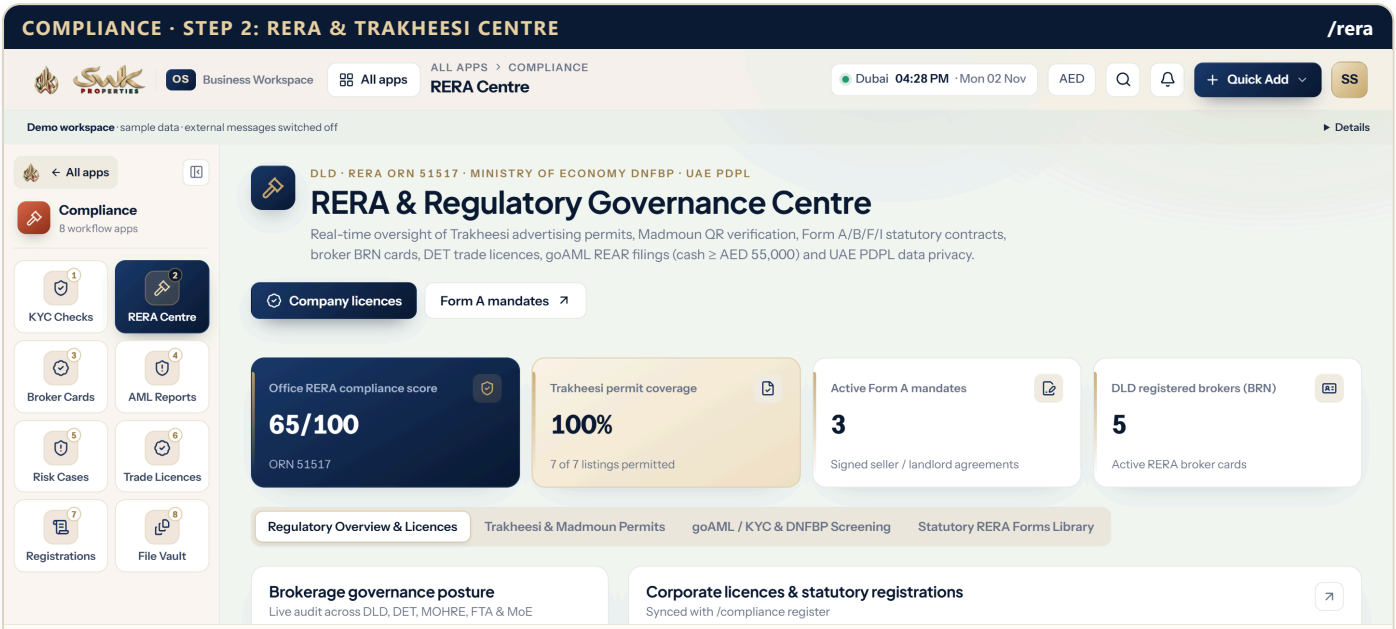

Built-In SWK Commission Formula: For a direct deal with AED 100,000 commission (+ 5% VAT = AED 105,000 collected), VAT (AED 5,000) goes to the FTA VAT ledger, **50% (AED 50,000) goes to SWK Properties**, and **50% (AED 50,000) goes to the SWK Advisor**. If a 3rd-party A2A agency co-brokered the deal (50% external split), AED 50,000 goes to the partner agency first, and the remaining AED 50,000 is split 50/50 (AED 25,000 SWK / AED 25,000 Advisor).

DEPARTMENT 08 OF 12 · REGULATORY & LEGAL PROTECTION

Compliance (8-Step KYC, RERA Centre, Broker Cards & AML)

Keeps SWK Properties L.L.C (RERA ORN 51517) 100% audit-ready across DLD/RERA rules, Trakheesi permits, KYC identity screening, and UAE goAML filings.

8 Workflow Apps

RERA Centre: Monitors ORN 51517 standing, Trakheesi permit validity, statutory RERA Forms (A, B, I, F), Broker BRN cards, KYC checks, and goAML reports.

STEP	APP ICON	WHAT IT IS & WHY IT MATTERS	HOW TO USE IT STEP BY STEP
1	**KYC Checks**	Buyer, Seller, Landlord, and Corporate KYC identity & PEP/Sanctions screening with passport and Emirates ID expiry tracking.	Complete KYC screening on every transaction party before signing contracts or accepting funds.
2	**RERA Centre**	Central compliance dashboard for Trakheesi advertising permits and statutory RERA agreements (Forms A, B, I, F).	Review weekly to confirm 100% of active portal listings have valid Trakheesi permits.
3	**Broker Cards**	Tracks every SWK advisor's RERA Broker Registration Number (BRN) card, issue date, and renewal countdown.	Renew broker BRN cards 30–60 days before expiry so agents never lose portal publishing rights.
4	**AML Reports**	UAE Ministry of Economy / Financial Intelligence Unit (FIU) **goAML** reporting register for cash, crypto, or high-risk deals.	Log cash transactions ≥ AED 55,000 (REAL Report), licensed crypto settlements, or STR filings here.
5	**Risk Cases**	Investigation queue for flagged transactions, ownership disputes, or compliance holds.	Compliance Officer reviews supporting source-of-funds documents and clears or blocks the deal.
6	**Trade Licences**	Tracks SWK Properties' DED Trade Licence, RERA ORN 51517 certificate, Chamber of Commerce, and office Ejari renewals.	Check monthly so corporate licences and insurance policies are renewed well ahead of expiry.
7	**Registrations**	Tracks developer agency empaneled registrations (Emaar, DAMAC, Sobha, Nakheel, Meraas) and FTA Tax Registration (TRN).	Keep developer registration certificates updated so off-plan commissions are never delayed.
8	**File Vault**	Encrypted central document archive storing every signed contract, Title Deed, NOC, passport, and receipt.	Search by client, unit, or deal number during DLD, RERA, or external financial audits.

Zero-Fine Regulatory Shield: By keeping **KYC Checks (Step 1)**, **RERA Centre (Step 2)**, **Broker Cards (Step 3)**, and **AML Reports (Step 4)** in one sequenced compliance department, SWK Properties is permanently protected against DLD Trakheesi fines and UAE AML inspection penalties.

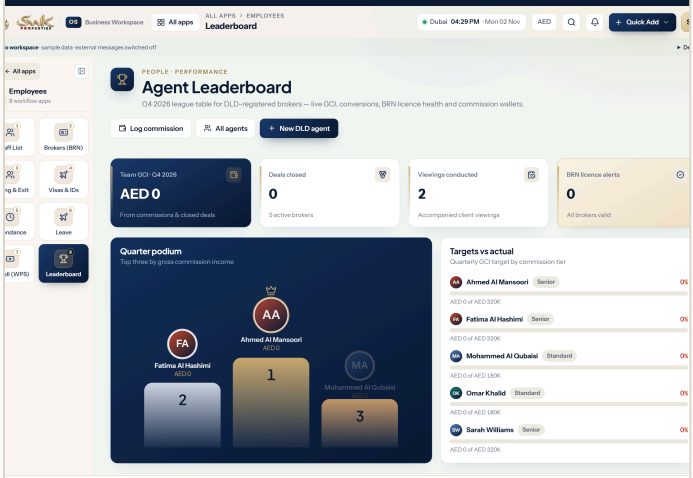

DEPARTMENT 09 & 10 OF 12 · TEAM, HR, WPS PAYROLL & FIELD SERVICE

Employees (8 Apps) & Field Service / SWK ONE Mobile (5 Apps)

Manages staff profiles, broker BRNs, UAE visas, 10am–7pm QR attendance, WPS salaries, GPS site visits, and 7pm daily work reports.

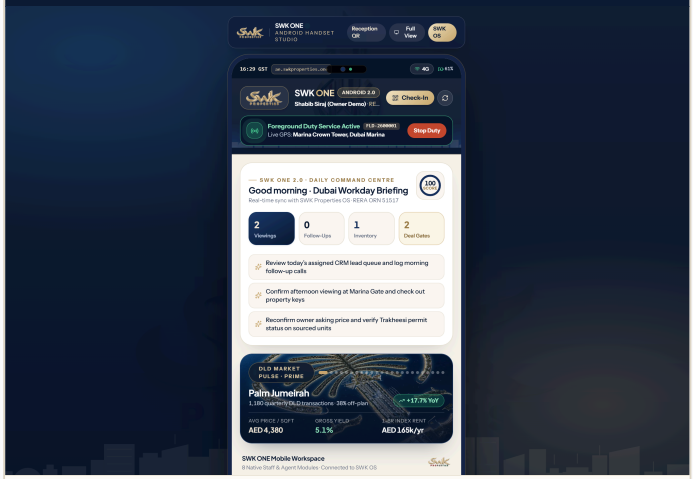

13 Workflow Apps

EMPLOYEES · STEP 8: BROKER LEADERBOARD /agents

Employees & Brokers: Tracks broker sales targets, GCI rankings, staff visas, Emirates IDs, attendance, leave, and WPS payroll.

FIELD SERVICE · STEP 1: SWK ONE MOBILE APP /swk-one

SWK ONE Mobile & Reception QR: Staff scan the rotating office QR at 10am, log GPS viewings, use the Area Companion, and file 7pm reports.

DEPT / STEP	APP ICON	WHAT IT IS & WHY IT MATTERS	HOW TO USE IT STEP BY STEP
Employees 1–2	**Staff List & Brokers**	Complete employee directory (**1**) and RERA-licensed Property Advisor roster (**2**) with targets and commission tiers.	Add new hires here and link brokers to their BRN card and sales team.
Employees 3	**Joining & Exit**	Structured onboarding and exit clearance checklists (laptop, keys, CRM access, Sim card, visa cancellation).	Never finalize a departing employee's settlement until their Exit Checklist is 100% signed off.
Employees 4	**Visas & IDs**	Tracks UAE Residence Visas, Emirates IDs, MOHRE Labour Cards, and Medical Insurance expiry dates.	Check 30/60/90-day expiry alerts so staff visas and Emirates IDs are renewed without fines.
Employees 5–6	**Attendance & Leave**	Daily **10:00 AM – 7:00 PM** attendance log (**5**) and annual/sick leave request & approval tracker (**6**).	Inspect daily arrival/departure times and approve or decline leave requests with one click.
Employees 7–8	**Payroll (WPS) & Leaderboard**	Monthly salary + commission payroll register with UAE WPS bank file support (**7**) and live Broker Leaderboard (**8**).	Approve monthly WPS payroll run and display the Leaderboard in weekly sales meetings.
Field 1	**SWK ONE App**	Mobile companion app (Web + Android APK `ae.swkproperties.one`) with GPS check-in, QR scanner, and Dubai Area Companion.	Install on every staff member's phone for attendance, viewings, and live client meetings.
Field 2–3	**Reception QR & Gate Logs**	Rotating security QR screen for the office reception tablet (**2**) and timestamped entrance/exit scan logs (**3**).	Keep Reception QR open on the office entrance screen; review Gate Logs anytime.
Field 4–5	**Field Visits & Daily Reports**	GPS-verified property viewing logs (**4**) and mandatory 7:00 PM end-of-day staff work reports (**5**).	Verify where brokers conducted viewings today and read their 7:00 PM daily summaries.

Dubai Area Companion Inside SWK ONE Mobile: During any client viewing, brokers can open the **Area Companion** tab on their phone to show the buyer 15-year historical price charts (2010–2025), 5-year capital forecasts (2026–2030), rental yields, and nearby schools, hospitals, and metro stations.

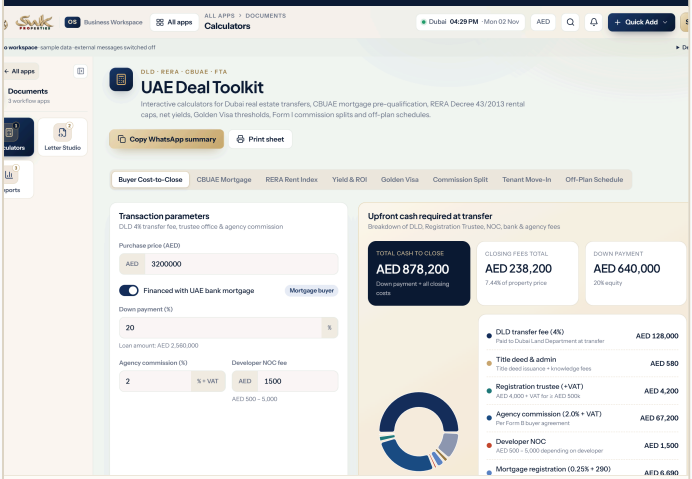

DEPARTMENT 11 & 12 OF 12 · CALCULATORS, STUDIO & OWNER GOVERNANCE

Documents (3 Apps) & Settings (9 Apps)

Instant DLD 4% fee, mortgage, and yield calculators for client meetings, plus full Owner control over roles, signing limits, backups, and audit logs.

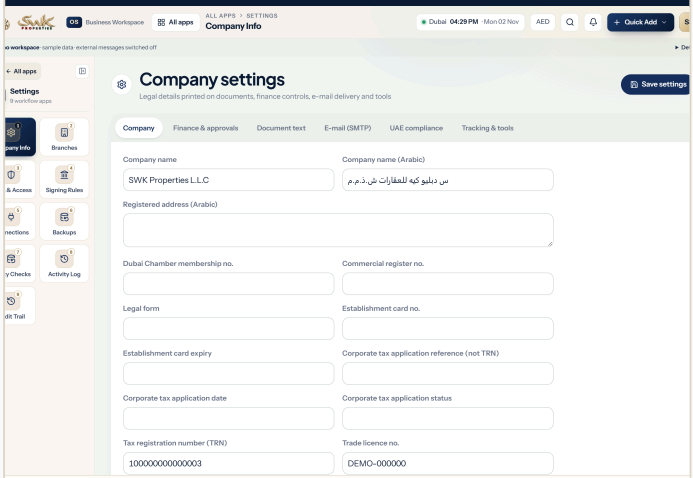

12 Workflow Apps

DOCUMENTS · STEP 1: UAE DEAL CALCULATORS /toolkit

Calculators, Letter Studio & Reports: Instant DLD 4% fee, mortgage, net rental yield, and 50/50 commission split calculators.

SETTINGS · STEP 1–9: OWNER CONTROL ROOM /admin/settings

Settings: Company profile, office geofences, role permissions, signing limits, portal connections, backups, and full audit trail.

DEPT / STEP	APP ICON	WHAT IT IS & WHY IT MATTERS	HOW TO USE IT STEP BY STEP
Documents 1	**Calculators**	Instant calculators for 4% DLD Transfer Fee + Trustee fee, UAE Mortgage payments, Net Rental Yield %, and 50/50 + A2A Commission splits.	Open during buyer or investor calls to quote exact upfront acquisition costs and net ROI in seconds.
Documents 2–3	**Letter Studio & Reports**	Branded SWK Properties offer letters, LOIs, and NOCs (**2**) plus custom CSV/Excel/PDF data exports (**3**).	Generate branded client documents or export monthly board packs in two clicks.
Settings 1–2	**Company Info & Branches**	Official corporate identity, RERA ORN 51517, FTA TRN, bank IBANs (**1**), and office GPS geofence coordinates (**2**).	Update corporate details or add new Dubai branch locations and reception QR zones.
Settings 3–4	**Roles & Signing Rules**	Role permission matrix for Owner, CEO, Admin, Finance, HR, Compliance, Manager, and Broker (**3**), plus AED approval thresholds (**4**).	Control exactly which screens each role can view and set Dirham limits requiring Owner approval.
Settings 5	**Connections**	Manages API connections for Bayut, Dubizzle, Property Finder, WhatsApp Business, and email notifications.	Check connection health indicators or update portal feed keys anytime.
Settings 6–7	**Backups & System Safety**	One-click full database backup snapshots (**6**) and system health & recovery readiness checks (**7**).	Click **Create Backup** anytime to download an encrypted copy of the entire company database.
Settings 8–9	**Staff Activity & Audit Trail**	Live session & sign-in monitor (**8**) and permanent field-by-field change log (Old Value → New Value) (**9**).	Search by staff name or record ID to see who changed any figure and when.

Owner Role Authority: Only the **Owner / Super Admin** can change Signing Rules, permanently empty the Delete Bin, download full database backups, or modify role permissions.

PART 5 · STANDARD OPERATING PLAYBOOKS

Four End-to-End Business Playbooks (How Daily Work Flows)

Step-by-step operational sequences showing how your team executes daily transactions inside SWK Properties OS.

Playbook A · Selling a Secondary or Off-Plan Property (From First Call to 50/50 Commission Payout)

1. **Property Intake (Properties → Step 1: New Submissions):** Broker submits the seller's unit (or logs a 3rd-party A2A unit) with Title Deed and owner passport. Manager verifies and approves.
2. **Permit & Portal Ad (Sales → Step 1: Seller Form A & Properties → Step 5: Listing Studio):** Attach signed RERA Form A and Trakheesi permit number, then publish to Bayut, Dubizzle, and Property Finder.
3. **Lead & Qualification (CRM → Step 1: Leads & Step 2: Phone Calls):** Assigned broker logs the buyer call, records budget and payment mode (Cash, Mortgage Pre-Approved, or Off-Plan Investor), and shortlists units.
4. **GPS Site Viewing (Field Service → Step 1: SWK ONE App & Sales → Step 2: Viewings):** Broker checks in at the building via GPS on SWK ONE, presents 15-year community price data from the Area Companion, and logs viewing feedback.
5. **Offer, Form F & Deposit (Sales → Step 3: Buyer Offers, Step 4: Sale Contract F & Step 5: Escrow):** Log accepted offer, generate RERA Form F (or developer SPA), and log the 10% security deposit cheque.
6. **KYC, Developer NOC & DLD Transfer (Compliance → Step 1: KYC, Sales → Step 6: NOC & Step 7: DLD Transfer):** Complete buyer/seller KYC, obtain Developer NOC, and record the new Title Deed at DLD Trustee transfer.
7. **Tax Invoice & 50/50 Split (Accounting → Step 1: Invoices, Step 2: Receipts & Step 3: Commissions):** Issue 5% VAT Tax Invoice, record bank receipt once cleared, deduct any A2A partner share, and release the 50% SWK / 50% Advisor commission.

Playbook B · Leasing a Unit & Managing Post-Dated Cheques for a Full Year

1. **Create Lease & Ejari (Leasing → Step 1: Leases & Ejari):** Record tenant, landlord, unit, start/end dates, annual rent, security deposit, and cheque count (1, 2, 4, 6, or 12 cheques).
2. **Log Post-Dated Cheques (Leasing → Step 2: Rent Schedules & Step 3: Rent Cheques):** Enter every physical cheque into the **PDC Cheque Vault** (cheque number, bank, maturity date, amount).
3. **Inspection & Key Handover (Leasing → Step 5: Inspections & Step 6: Handovers):** Complete move-in condition report with photos and record keys/access cards handed to the tenant.
4. **Maturity Deposit & Landlord Payout (Leasing → Step 3: Rent Cheques & Landlords → Step 2: Statements):** Deposit cheques flagged in the 14-day window, issue the tenant's Rent Receipt upon clearance, and generate the Landlord Net Payout Statement.

Playbook C · Daily Staff Attendance, GPS Site Visits & 7:00 PM Reporting (10:00 AM – 7:00 PM)

1. **10:00 AM Office Arrival (Field Service → Step 2: Reception QR):** Staff scan the rotating QR code on the reception screen using the SWK ONE app. Late arrivals after 10:00 AM are automatically flagged in **Employees → Step 5: Attendance**.
2. **Daytime Client Viewings (Field Service → Step 4: Field Visits):** Brokers tap *Start Field Visit* in SWK ONE when arriving at a viewing or developer office so management has live GPS verification.
3. **7:00 PM Daily Report & Sign-Out (Field Service → Step 5: Daily Reports):** Before leaving at 7:00 PM, every staff member submits their daily work report (calls, viewings, offers, next-day plan) and scans out at reception.

Playbook D · Safe Handling of Deal Cancellations, Withdrawals & Client Refunds

1. **Log Withdrawal Request (Sales → Step 10: Withdrawals):** Attach the original booking/contract, payment receipt, and client withdrawal request.
2. **Contract Retention Calculation:** System calculates gross funds held, applicable contract cancellation/retention deductions, and net refundable AED amount.
3. **Mandatory Owner / Manager Approval:** Refunds cannot be paid out by a single user; the withdrawal must be signed off in **Withdrawals / Approvals** before Accounting issues the bank transfer.

Companion 20-Chapter Guided Video Tour Included: Alongside this PDF handbook, your handover package includes the full high-resolution recorded video tour (`swk_os_complete_owner_tour.webm`) walking through all 20 screens live from Sign-In to Settings.

PART 6 · INTELLECTUAL PROPERTY & COMMERCIAL VALUATION

What Has Been Transferred to the SWK Properties Repository & Its Commercial Worth

100% of the source code, web platform, mobile app, and cloud automation now belong outright to SWK Properties L.L.C (github.com/swkpropertiesuae/swkpropertiesOS).

CUSTOM BUILD VALUATION
AED 1.10M – 1.53M
USD $300,000 – $417,000 market cost to engineer from scratch in Dubai

5-YEAR SUBSCRIPTION SAVINGS
AED 765K – 1.55M
Saves AED 12,800 – 25,800/month in third-party per-user SaaS licenses

ENGINEERING TIME SAVED
12 – 18 Months
81,500+ lines of tested production code live & deployed today

6.1 Component-by-Component Valuation of the Transferred Repository (swkpropertiesuae/swkpropertiesOS)

ENGINEERING ASSET TRANSFERRED TO SWK PROPERTIES	REPLACES EXTERNAL TOOLS	VALUE (AED)	VALUE (USD)
1. UAE Real Estate CRM, Lead Routing, Call Log, WhatsApp & Pipeline	Salesforce / PropSpace	**AED 180K – 250K**	$49,000 – $68,000
2. Secondary Sales, Off-Plan Desk, Form A/F, Escrow, NOC & DLD Transfer	Transaction ERP	**AED 160K – 220K**	$43,500 – $60,000
3. Leasing, Ejari, Property Management, Inspections & PDC Cheque Vault	Yardi / RealCube	**AED 140K – 190K**	$38,000 – $52,000
4. Double-Entry Accounting, 50/50 + A2A Commissions, Landlords & VAT	Zoho Books + Commission	**AED 165K – 230K**	$45,000 – $62,500
5. RERA / Trakheesi Hub, KYC Screening, goAML & Owner Delete-Bin Gate	Compliance & KYC Suite	**AED 110K – 150K**	$30,000 – $41,000
6. UAE HR, Visa/Emirates ID Tracker, 10am–7pm Attendance & WPS Payroll	Bayzat / BambooHR	**AED 110K – 150K**	$30,000 – $41,000
7. SWK ONE Native Android App (ae.swkproperties.one) + Reception QR + GPS	Field & Biometric App	**AED 145K – 210K**	$39,500 – $57,000
8. Cloud CI/CD Pipelines (Cloudflare + Oracle + APK Builder) & 11 Test Suites	DevOps & QA Automation	**AED 90K – 130K**	$24,500 – $35,500
TOTAL PROPRIETARY ASSET TRANSFERRED TO SWK PROPERTIES	**All-in-One Operating System**	**AED 1.10M – 1.53M**	**$300K – $417K**

6.2 The 7 Strategic Advantages for the Owner of SWK Properties

STRATEGIC ADVANTAGE	WHY IT GIVES SWK PROPERTIES A PERMANENT COMPETITIVE EDGE
1. 100% IP Ownership on Balance Sheet	SWK Properties owns the software outright as a capital asset—increasing company valuation for investors, partners, and banking facilities.
2. Unlimited Users at Zero Extra Cost	Whether SWK Properties grows from 10 to 50 or 500 brokers across multiple branches, there are zero per-user monthly subscription fees.
3. Total Client & Landlord Data Sovereignty	Your VVIP buyers, landlords, title deeds, and passports sit in your private database—never on shared third-party broker platforms.
4. Zero Vendor Lock-In	No outside software vendor can raise your prices, restrict exports, or shut down your service. You control the code, database, and backups.
5. Cloud & Server Freedom	Pre-configured to run on Cloudflare, Oracle Cloud, Docker VPS, or local office servers—switch hosting anytime in minutes.
6. Instant Customization for New Divisions	Add new divisions (Holiday Homes, Commercial Advisory, Golden Visa Concierge) or new DLD/RERA rules directly to your repository anytime.
7. Unified Desktop + Mobile Architecture	Both SWK OS (Web) and SWK ONE (Android APK) build automatically from the same repository so office and field teams are 100% synchronized.

PART 7 · INSTANT EXECUTIVE REFERENCE

Owner's Quick-Reference Cheat Sheet

Keep this single page on your desk to jump to any control or report in two clicks.

WHEN YOU WANT TO...	1. CLICK DEPARTMENT ON HOME SCREEN	2. CLICK STEP ICON ON LEFT SIDEBAR
See today's whole company summary in 60 seconds	**Dashboards**	1 Overview *or* 6 Daily Operations
Approve or reject pending requests	**Dashboards**	3 Approvals
Check if any staff member tried to delete a record	**Dashboards**	4 Delete Bin
See all active deals on a visual board	**Dashboards**	2 Deal Pipeline
Check live Dubai prices per sq ft & yields	**Dashboards**	7 Market Pulse
Approve a newly submitted property	**Properties**	1 New Submissions
Publish or inspect Bayut / Dubizzle portal ads	**Properties**	5 Listing Studio
See all client leads & reassign slow leads	**CRM**	1 Leads & 10 Lead History
Track every ongoing property sale & Developer NOC	**Sales & mandates**	8 Sales Tracker & 6 Developer NOC
Review a deal cancellation or client refund	**Sales & mandates**	10 Withdrawals
Check post-dated rent cheques due for bank deposit	**Leasing & management**	3 Rent Cheques (PDC Vault)
Generate a landlord's net payout statement	**Landlords**	2 Statements
Approve a broker's 50/50 commission payout	**Accounting**	3 Commissions & 4 Agent Payouts
